\*All EVO Trailers are 1/2 Ton Towable, check with tow vehicle manufacturer for proper tow rating specifications. Dry weight does not include weight of water, or liquids. Dry weight does include some popular options.

Pictured is the NEW EVO T2050. This innovative and easy towing model features dual slideouts that create a comfortable and functional living area. Normally only found on larger floor plans the oversized kitchen slideout and center island will accommodate even the most pampered chef. Loads of cabinets and under dinette storage means nothing has to stay home. The radiused swivel TV entertainment center is both stylish and functional. You'll also find solid bedroom privacy doors instead of curtains on the NEW EVO T2050.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

Check with dealer for T1450 standard and optional equipment
