LPG	60

ALPINE 3450RL

The 3450RL, as many of the Alpine's do, a true walk in, cedar lined, closet in the master suite. The walk in closet offers additional drawer space, as well as room for ample hanging apparel. Notice the oversized windows in the dining area. This gives the openness, headroom, and views that you will enjoy, and other will be jealous of for years to come.

Model	3450RL
Shipping Weight	12416

ALPINE 3500RE

The rear entertainment center on the 3500RE features the Alpines "true" surround sound system and a top rated, name brand television. With the electric retractable lift, and a standard back window, you will enjoy the best of both worlds, easy viewing or great views.

The kitchen features an abundance of pantry storage, a hidden trash container area, and great counter top work area, all within view of guests, friends, and family.

ALPINE 3555RL

The bedroom suite of the 3555RL includes the most storage of any in class. Also, as in all Alpines, has room for a stackable washer and dryer- in a well ventilated area. Everyone feels welcome and invited in with the Grand Entry area. The oversized staircase is framed on both sides with decorative metal railing leading to the master suite.

Carrying Capacity	3273
Hitch	2240
Length	39' 2"
Height	12' 8"
Fresh Water	66
Waste Water	50
Gray Water	82
LPG	60

ALPINE 3600RS

In the 3600RS, the wall hugger chairs are situated directly across from the television for easy viewing, and minimal moving when you are ready to leave for your next adventure. If counter top space and storage are important, the oversized island and the Dutch Pantry, with its pull out- oversized drawers, would be the perfect combination.

ALPINE 3700RE

Inside the 3700RE bedroom, the cabinetry is nothing short of true Amish craftsmanship. The construction is of solid cherry, which includes the cabinet doors, as well as the stiles. Even the tops are solid cherry. This unique and popular floorplan, as many of the Alpines do, incorporates a guest closet for extra storage. The 3700RE even has a standard 32" television in the kitchen/dining area.

Model	3700RE
Shipping Weight	12603

ZERO DEGREE RATED

With an impressive list of industry-leading construction advancements, Alpine sets the bar for four season living.

WALL CONSTRUCTION (R-10)

1. High Gloss fiberglass exterior walls, baggage doors, and entry door
2. Dual 1/8" luan backers with staggered seams
3. High density block foam insulation
4. Radius window corner blocks for additional integrity
5. 2" Welded aluminum sidewall studs
6. Fiberglass batten insulation
7. Molded fiberglass cap with 4mm coated graphics
8. Metal backing strips for added support
9. Cambered steel cap backing for increased turning radius - "Max Turn"

ROOF CONSTRUCTION (R-28)*

10. Aluminum radius roof corner molding wrap
11. One-piece EPDM roof with 12-year warranty
12. 3/8" Fully walkable roof decking
13. Thermo-Foil insulation
14. Fiberglass batten insulation
15. 1/8" Ceiling decking with vinyl protection

FLOOR CONSTRUCTION (R-40)*

16. Residential grade high density carpet with stain protection
17. Residential grade carpet padding
18. 6 layer "Bedrock" laminated floor system featuring: Darko wrap, wood backing, aluminum structure, high density block foam, and Astro-Foil insulation, thermo-insulation
19. Therma-Shield holding tank insulation featuring: One piece fluted polypropylene fully enclosed subfloor, fiberglass batten insulation, and ducted heat

TIRES AND CHASSIS

20. 12" steel "powder coated" steel I-beams
21. 16" E-Load radial tires
22. EZ-Lube 8 lug, 7,000lb axles
23. Suspension with steel shackles and greasable brass bushings

WHISPER AIR SYSTEM

The Whisper Air System Combines:

- Industry leading **High Performance Heat Pump**
- **Comfort Control Center** for total climate programmability
- The quiet efficiency of an innovative **Ducted Return System** that pulls return air from the entire coach, *...just like your home.*

MAX TURN TECHNOLOGY

The latest in integrated frame and front cap design allows for an industry best 79° Truck to Fifth-Wheel angle. What does that mean?

That means that with MAX-TURN TECHNOLOGY backing into even the tightest of campsites is made simple. No other frame/cap design in the industry can offer this much maneuverability! With a conventional RV frame it can be difficult to make those tight right hand turns. With MAX-TURN TECHNOLOGY, making 90° turns is never a problem. This design by Keystone not only offers unmatched turning capabilities but also uses a one piece frame design. The one-piece front rail design maximizes strength while increasing maneuverability.

COMFORT INDOORS

With an impressive list of industry-leading construction advancements, Alpine sets the bar for four season living. But don't just take our word for it — look at these official test results from a world leader in heating and cooling technology — Dometic Corporation. Subjected to below zero temperatures inside their legendary test chamber, the following temperatures were recorded inside an Alpine with the thermostat set at 74°;

Living room	72°
Bedroom	70°
Bathroom	75°
Pass-Thru/Utility Center.....	58°*

Of course, inside temperatures are only part of the story. With our industry leading "Therma-Shield 37" package, all the holding tanks and dump valves remained completely operational on our test unit with recorded temperatures consistently above 50° in these critical areas. Not everyone needs this kind of protection, but when four season comfort becomes important, make sure you demand the very best... demand an Alpine!

*Testing was done in a controlled independent environment.

TOP LUXURY FEATURES

A

B

C

G

D

E

F

A. 60" STALL SHOWER – Many of the Alpine bath areas feature a 60" full size fiberglass stall shower with a triple glass door. It is like taking a shower outdoors, but with the piece of mind of always having privacy.

B. SOLID SURFACE COUNTERS, SINK COVERS, HINGED RANGE COVER – Not only does Alpine use some of the finest solid surface material available, Alpine includes fitted sink covers and range cover. The range cover is hinged so that storage is convenient, easy, and out of the way.

C. STAINLESS STEEL KITCHEN – One look at the Alpine kitchen, and you know there is something special happening. You will find a name brand, residential size convection/ microwave, stainless steel range, huge and deep stainless sink, along with a four door, oversized refrigerator, and even includes a built in soap dispenser.

D. OVERSIZED PASSTHROUGH STORAGE – One look at the Alpines basement pass through tells the story- the Alpine boasts the industry's largest pass-through storage at over 170 cubic feet. You won't have to worry about your possessions sliding around as we have used non-skid rubber diamond flooring and metal D-rings to secure them. As part of the Alpines standard Therma-Sheild insulation, you will comfort knowing that there is ducted heat to the storage area as well.

E. LARGEST ENTRY DOOR – The industry's largest entry door- over 6'3" tall and 3' wide, making getting into and out of your Alpine the easiest around. When the door opens, the recessed lighting turns on within the threshold both inside the unit and outside onto the four, easy to reach, four platform step. Over the exterior door there is a motion activated safety light. This will help when coming home late at night, as well as to deter unwanted guests.

F. WATER WORKS CONVENIENCE CENTER – This fully enclosed area houses dump valves, low point drains, exterior quick disconnect hose, water hookups, satellite/ cable hookups, and EZ winterization station. This area is also heated on the inlet side of the center.

G. 50 AMP CORD CADDY – The 50 AMP Cord Caddy is located in the pass through compartment, next to the water works center. Different than an electrical system, the Cord Caddy easily rolls the 50 AMP cord without binding. The Cord Caddy was even tested with a frozen 50 AMP cord, and operated just as easy as if it was 60 degrees.

STANDARDS & Options

EXTERIOR FEATURES

- 16" E-load radial tires w/ 8 wheel lugs
- Heavy duty 7,000lb axles
- Easy lube axles
- 12" I-Beams with Z-frame technology
- "No Sweat" vented attic system
- 50 AMP service w/ detachable power cord
- Hydraulic selector valves for slideouts
- Hydraulic front landing jacks w/ 8" diameter all-terrain landing pads
- Gutters w/ rain spouts
- Rear Ladder
- One-Touch electric awning package w/ adjustable arms
- Tinted 80% safety-glass windows
- Electric rear jacks
