

2013 | **FUN FINDER XTRA**

FOR WHEREVER **YOU** WANT TO GO

If you live for the weekend, Cruiser RV's Fun Finder XTRA has all the features and options you would come expect on a toy hauler. One of the market's lightest toy haulers, Fun Finder XTRA is towable by most 1/2 ton trucks. Yet, you won't find a shortage of amenities and features. Built with a 3/4" tongue and groove plywood floor, removable carpet, rear screen door, exterior LED lights and a partial painted front cap, you can be assured that giving up weight doesn't mean giving up durability. Made for the way you live and play, the Fun Finder XTRA features a 10' garage, as well as optional fuel station and generator, offering plenty of room for everything you need to make your next trip unforgettable. **Adventure – it's wherever you want to go.**
