ON THE COVER: 70A Silverstone Graphics

70A Balance with Café Cherry Cabinetry

## AHEAD OF ITS CLASS

The Class B market has rallied around the Mercedes-Benz® Sprinter diesel chassis and Winnebago Industries® builds more Sprinter-based RVs than any other manufacturer. Because of this experience, the extremely nimble and fuel-efficient Era® is head and shoulders above typical Class B offerings. This fully-equipped motor home comes loaded with the features and livability only Winnebago Industries' legendary RV design and Mercedes-Benz automotive luxury can deliver. You could spend thousands more on a Roadtrek® but you can't match the features, performance and quality construction of the 2013 Era.

## WHY ERA?

- Mercedes-Benz Sprinter diesel chassis
- Impressive fuel economy
- 11,030-lb. GVWR
- MCD American Solo® blackout roller shades
- Full-featured galley with Corian® countertops
- Touch screen RV Radio®/rearview monitor
- LED lighting
- Thousands less than Roadtrek

**Recognized Quality** The RV Dealers Association bestows its annual Quality Circle Award based on dealer ratings to the manufacturers that provide exceptional products, service and support. Only one manufacturer has received this honor for sixteen consecutive years: Winnebago Industries®

Drawers open wide on full-extension drawer slides.

The LCD TV in the 70A swivels for viewing indoors or outdoors while sitting under the awning.

The second row passenger seat in the 70X can be replaced with a wardrobe cabinet, if you prefer the extra storage.

A large storage area with pullout tray beneath the Flex Bed in the 70A lets you transport large, bulky items.

Add the Infotainment Center/GPS for turn-by-turn voice directions and an interactive touch screen with compass, exterior temperature and Bluetooth capability.

Both models pack a surprising amount of storage, such as this wardrobe in the 70A.

The bi-fold bathroom doors open wide for easy access, yet leave the aisle clear even when open.

This handy dispenser mounted in the shower holds your soap, shampoo and conditioner.

70A Balance with Café Cherry Cabinetry

You won't find a more thoughtfully planned interior than in the Era. With features neatly positioned to maximize space, you'll find room for four Ultraleather™ captain's chairs that swivel to face the movable table in the 70X—perfect for dinner or a pleasant game of cards. The 70X even includes a powered sofa/bed so you can stretch out and watch the LCD TV. A 13,500 BTU high-efficiency air conditioner with heat pump keeps you comfortable year round.

70X Metro with Café Cherry Cabinetry

70X Metro with Café Cherry Cabinetry

Sink and Range with Flip-Up Covers

When space is at a premium, our SmartSpace™ design philosophy ensures you have the features you demand while maintaining valuable living space. In the galley, this means employing a faucet that folds down beneath a flip-up glass cover to increase your countertop space and selecting a microwave and refrigerator that conserve space and energy.

70X Sofa/Bed

In the 70X, a power sofa/bed in the rear of the motor home offers three belted seating positions and folds down into a large, comfortable bed at the press of a button.

70A Flex Bed System

For the ultimate flexibility on the road, the 70A comes standard with the Flex Bed system. In just a few short steps, two twin beds in the bedroom become one giant queen bed.

Dash

The joy of a Class B motor home is being able to drive it almost anywhere you can drive a car. The Ultraleather cab seats make for a pleasant ride, especially when you're cranking your favorite tunes on the RV Radio. It plays CDs, offers a dedicated weather band and features a touch screen control panel, which incorporates the rearview monitor for safer backing and maneuvering. Available upgrades include the Sirius® Satellite radio system and the Infotainment Center with GPS (shown here) with a 7" LCD touch screen, voice guidance and Bluetooth compatibility.

70A Doors Open 270° with Pullout Tray

A patio awning comes standard so the fun starts whenever and wherever you park. And, with rear doors that swing open 270°, you can accommodate large or bulky items. The 70A even includes a rear pullout storage tray.

Patio Awning

### TESTING

Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, computer simulations, our physical testing center and rigorous test track ensure each model is built to last.

### DETAILS

At Winnebago Industries, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

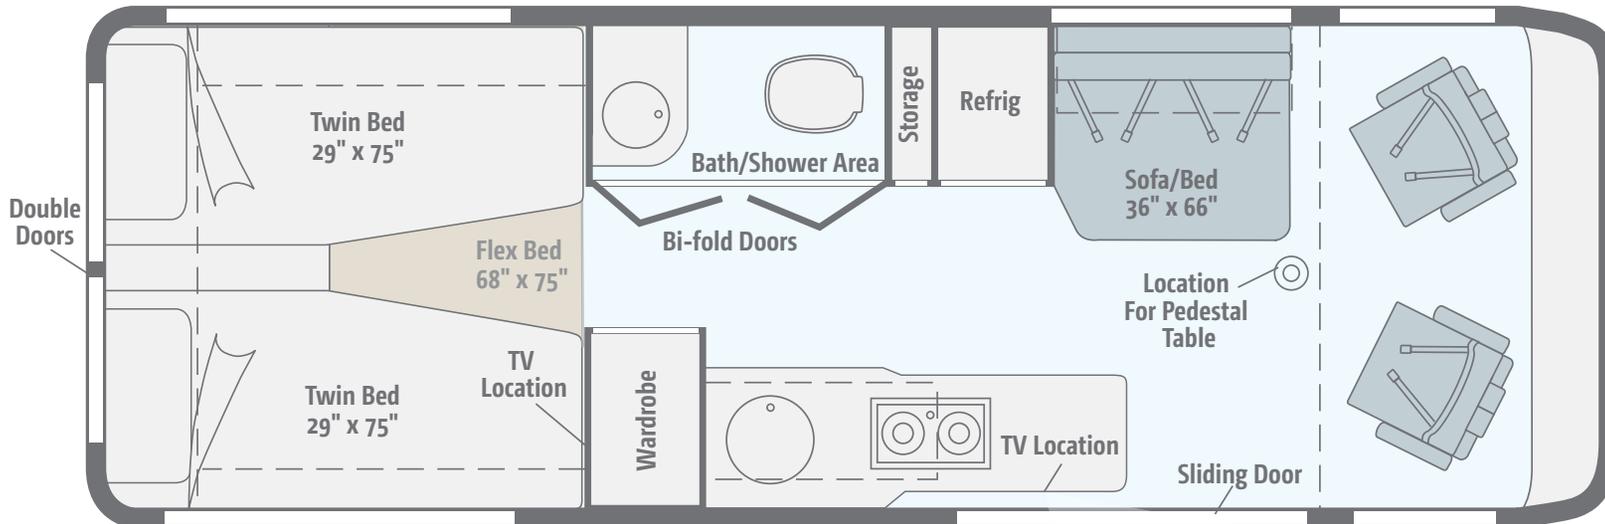

Visit [BetterBuiltRVs.com](http://BetterBuiltRVs.com) to gain real insight into what goes into a Winnebago Industries motor home.

### TAKE A TOUR

We're proud of our processes, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at EraRV.com.

## 70A - NEW

The Flex Bed system can be a spacious queen bed or two twin beds based on your sleeping needs. The Flex Bed flips up and the rear doors open wide to access a large storage compartment with an exterior slideout tray.

The TV swivels for viewing indoors or outdoors while sitting under the awning.

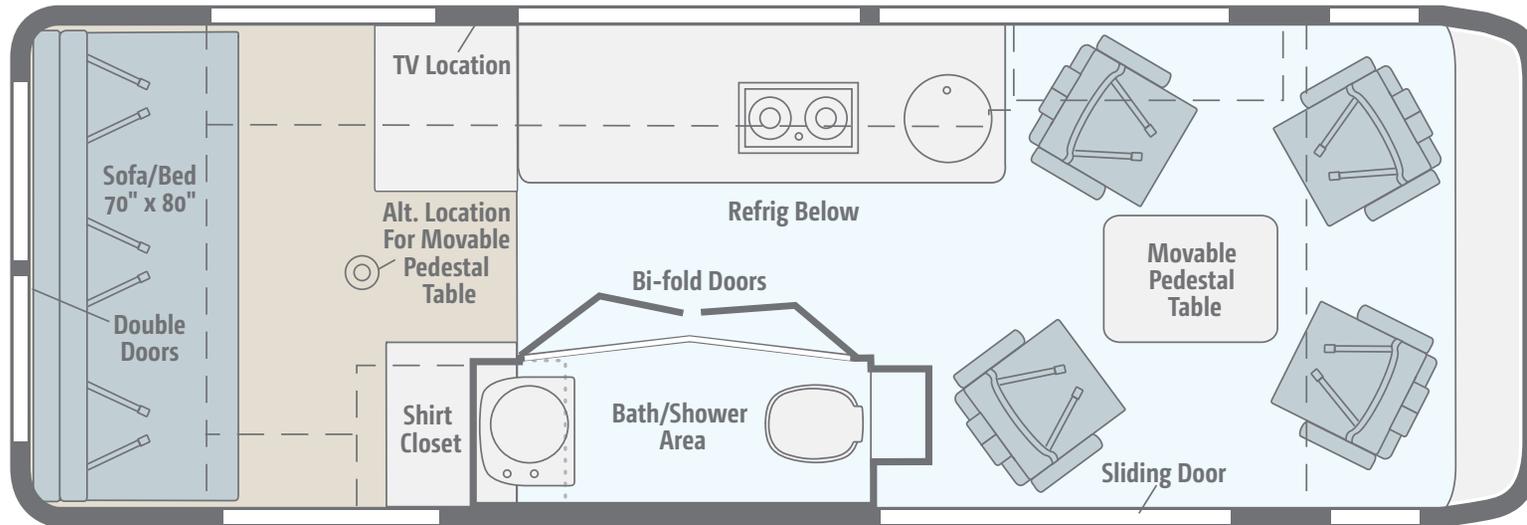

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at EraRV.com.

### 70X

Four plush captain seats and a rear sofa/bed with three belted positions make the 70X ideal for group travel. There are even four child seat tether anchors if you travel with kids.

10 BC fire extinguisher

Ground fault interrupter

Daytime running lamps

Fog lamps

High-mount brake lamp

## Warranty<sup>5</sup>

12-month/15,000-mile basic warranty<sup>6</sup>

<sup>1</sup> The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.

<sup>2</sup> Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.

<sup>3</sup> Capacities shown are tank manufacturer's listed water capacity (W.C.) Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.

<sup>4</sup> Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

<sup>5</sup> See separate chassis warranty.

<sup>6</sup> See your dealer for complete warranty information.

Not all items available in combination. See dealer for details.

Winnebago Industries™ continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice.

## JOIN THE CLUB, JOIN THE FUN.

As a Winnebago Industries motor home owner, you are invited to join the WIT Club. It's a great way to take full advantage of your new coach and meet fun-loving WIT Club members from across the country who make motor home adventures a way of life.

Members enjoy:

- Caravans and Rallies
- Newsletters
- Local and State Group Activities
- RV Travel Benefits

See more on [WITclub.com](http://WITclub.com)

## PREFERRED CARE PROGRAM

We back our motor homes with best-in-class support both before and after the sale:

- 12-month/15,000-mile basic limited warranty
- Complimentary 24-hour roadside assistance program 

- TripSaver® Fast Track Parts guarantees that in-stock warranty parts ship directly to your dealer within 24 hours
- National dealer service network
