UNLOADED VEHICLE WEIGHT (UUV): Sometimes referred to as "Dry Weight," UUV means the typical weight of this trailer as built at the factory. The UUV, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories. The weights of certain options and/or option packages are not included in the UUV listed above. **GROSS VEHICLE WEIGHT RATING (GVWR):** GVWR means the maximum permissible weight of the trailer, including the UUV plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UUV and the CCC. **CARGO CARRYING CAPACITY (CCC):** CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UUV. The addition of options will decrease the CCC. **HITCH WEIGHT (HW):** The hitch weight,

as used in product literature and other promotional materials, does not include cargo, fresh water, propane, gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight. It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Starcraft affixes a weight label to each RV which lists weight information for that vehicle. See specification chart above.

54" FOLDING DINETTE

AR-ONE offers a spacious 54" booth dinette with a portable table for indoor and outdoor use (select models).

PATIO AWNING

Our hassle-free patio awning with adjustable pitch provides shade, as well as convenient water runoff.

SIMPLY THE BEST CONSTRUCTION

At Starcraft, we've built a strong reputation for making reliable, durable campers for almost 50 years. We use only the highest-quality materials and state-of-the-art production techniques. **It's this devotion to durability that has helped our company become a recognized manufacturer with a full lineup of affordable towables.** In short, the last thing you have to worry about when you're camping is your camper.

eco advantage™

The Starcraft EcoAdvantage is our company's commitment to protecting the environment. Scan this QR code with your smartphone to watch a video about our efforts and the impact we're making on our planet.

DURABLE CONSTRUCTION

AR-ONE features durable construction, including wooden wall studs on 16" centers, .024" aluminum exterior siding, crowned roof trusses, 3/8" roof decking, a one-piece seamless rubber roof, 5/8" main floor decking, Poly Flex one-piece underbelly covering and hardwood cabinetry stiles with screwed construction.

Warranty

Each Starcraft is warranted to the original purchaser for twelve (12) months from the original date of purchase against defects in materials and workmanship. For a copy of the limited warranty with full terms and conditions, ask your local Starcraft dealer.

The Value of Your Local Starcraft Dealer

Establishing a solid relationship with your local Starcraft dealer is a key component in the enjoyment of your new Starcraft. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support.
