ON THE COVER: 35B Silver Birch Full-Body Paint

35B Silver Song with Coffee-Glazed Vienna Maple Cabinetry

A RISING STAR IN CLASS A COMFORT

The 2013 Itasca Sunstar® is a Class A coach with something for everybody. Five floorplans present plenty of options for the young traveling family or a couple looking to enjoy their travel to the fullest. The variety of offerings includes the all-new 26HE, triple slideouts and bonus interior storage in the new 27N, and a guest bath and rear bunk beds in the new 35B. Key high-end features come standard, including soft Ultraleather™ cab seats and a powered patio awning. And, thanks to the new streamlined 26HE, this Class A lifestyle is even more affordable. While the Sunstar is priced to please, all of our models are built with the legendary SuperStructure® construction process for uncompromised strength and durability. There has never been a better time to embark on a Class A adventure in your very own Itasca Sunstar, “a can’t miss value” for 2013.

Why Sunstar?

- Five family-friendly floorplans
- Ultraleather swivel cab seats
- MCD American Duo® solar/blackout roller shades (27N, 30T, 35B, 35F)
- MCD American Solo® blackout roller shades (26HE)
- PowerLine® Energy Management System (35B, 35F)
- Queen bed
- Bunk beds (35B)
- Master bath and guest half bath (35B, 35F)

RECOGNIZED QUALITY The RV Dealers Association annually bestows the Quality Circle Award based on dealer ratings to manufacturers that provide exceptional products, service and support. Only one manufacturer has received this award for sixteen consecutive years: Winnebago Industries®, proud manufacturer of the Itasca Sunstar.

BEST IN CLASS

See how Winnebago Industries takes motor home design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motor Homes.®

Click on this icon throughout the brochure to link to more information on the web.

The available **BenchMark® Full-Comfort Dinette** includes innerspring cushions that flip up to reveal hidden storage area. At night it converts into a comfortable bed (NA 26HE).

The **OnePlace® Systems Center** houses the **PowerLine® Energy Management System** (35B, 35F), which minimizes tripped campground circuits during periods of heavy usage.

The **BIG Shower** is one of the industry's largest, featuring a wide opening and plenty of elbow room (35B, 35F).

The available **Dash Workstation** is the perfect place to plan your trip (NA 26HE).

The available **Comfort Sofa Sleeper** quickly and easily converts from a sofa into a bed with a self-inflating mattress that actively maintains proper comfort throughout the night (27N, 30T, 35B).

Day or night, the smoothly retracting **MCD American Duo® Solar/Blackout Roller Shades** give you total control of light and privacy levels (MCD American Solo® blackout roller shades on 26HE).

Watch movies in the great outdoors when you add the **Exterior Entertainment Center** with 32" LCD TV (27N, 35B, 35F).

35B Silver Song with Coffee-Glazed Vienna Maple Cabinetry

The Sunstar is feature-loaded, offering conveniences such as MCD American roller shades and entertainment necessities such as an LCD TV. Based on your floorplan, you can relax in the Comfort Sofa Sleeper, Extendable Sectional Sofa, Dinette or BenchMark full-comfort dinette.

35B Available Entertainment Center

35B Kitchen

While each Sunstar kitchen is uniquely designed with SmartSpace™ thinking to maximize each floorplan, you can count on all the essentials for cooking a great meal. Your Sunstar comes standard with a microwave oven, three-burner range top and a two-door refrigerator/freezer. Drawers open wide on full-extension slides for easy access and to maximize storage space.

35B Available 4-Door Refrigerator/Freezer and Pantry

Full-Extension Drawer Slides

 35B BenchMark Full-Comfort Dinette

Every Sunstar comes standard with a dinette. Upgrade to the BenchMark full-comfort dinette with innerspring cushions for easy access to storage (NA 26HE). The Dream Dinette™ table provides easy one-handed operation when raising and lowering the table and is included with the available interior upgrade package. The 30T also offers the elegant dining table/buffet with 42" LCD TV for a more upscale dining experience.

**35B Bedroom**

The bedroom connects to a private master bathroom in the 35B and 35F, which includes the BIG Shower. Bunk beds in the 35B are great for kids. Frequent travelers will appreciate the slideout wardrobe in the 27N that offers over five feet of hanging storage. A dedicated 110-volt outlet is connected to the available 1,000-watt inverter to provide power without the need to run the generator when shoreline power is not available.

**35B Wardrobe and LCD TV****35B Bunk Beds**

35B Master Bathroom

35B Guest Bathroom

Dash

Comfortable cab seats with multiple adjustment points and soft Ultraleather set the tone for a fun, comfortable journey. Navigation is made easy with the standard rearview monitor and available sideview cameras in the Sunstar. You can even add a dash workstation for your co-pilot (NA 26HE).

Power Mirrors

Swivel Cab Seats

Pull out the lawn chairs and recap a great day of adventure with family and friends beneath the standard electric patio awning. Add the exterior entertainment center, which is available with an LCD TV and DVD player in the 27N, 35B and 35F, and you'll have even more reasons to spend quality time outdoors.

Electric Awning

Exterior Service Center

Available Exterior Entertainment Center (27N, 35B, 35F)

Fiberglass Roof

The crowned, one-piece fiberglass roof is backed by a 10-year parts-and-labor roof skin warranty.

Rubber Can't Cut It

Rubber roofs used by competitors can streak and degrade over time.

Thermo-Panel® Sidewalls

By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating

An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Laser-Cut Tubing

Precision laser cutters create precision joints in structural steel that are stronger and require less welding.

Interlocking Joints

Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

SUPER STRUCTURE

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel pusher model—is built to Winnebago Industries'® legendary SuperStructure construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING

Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, computer simulations, our physical testing center and rigorous test track ensure each model is built to last.

DETAILS

At Winnebago Industries, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE

We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**
BUILT TO LAST

Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago Industries motor home.

TAKE A TOUR

We're proud of our processes, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

NEW 26HE

Enjoy a complete Class A experience in a value-loaded floorplan that is ideal for RV enthusiasts of all ages.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

NEW 27N

This triple-slideout floorplan offers impressive storage capacity with an exterior compartment and 63" of wardrobe hanging space.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

30T

The 30T is loaded with options, including the Comfort Sofa Sleeper and your choice of a dinette or the popular dining table/buffet with 42" LCD TV.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

6-gallon 110V/LP water heater w/motoraid (27N, 30T, 35B, 35F)

Heated holding-tank compartment

Permanent-mount LP tank w/gauge

On-demand water pump

TrueLevel™ holding-tank monitoring system

Winterization Package water heater bypass valve and siphon tube

Gravity tank fill w/lockable door (NA 26HE)

Safety

Seat belts

Child seat tether anchor (forward facing dinette seat)

LP, smoke and carbon monoxide detectors

10 BC fire extinguisher

Ground fault interrupter

High-mount brake lamp

Warranty⁷

12-month/15,000-mile basic limited warranty⁸

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts and labor warranty on roof skin⁸

¹ The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.

² Sunstar floorplans feature a wide-body design – over 96" in making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.

³ The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.

⁴ Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.

⁵ Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.

⁶ Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

⁷ See separate chassis warranty.

⁸ See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago Industries™ continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.
