## THE TRUE MEASURE OF VALUE

When looking for Class C motor home value, ask yourself, is the beauty more than skin deep? Does it have the legendary quality assurance of Winnebago Industries® SuperStructure® construction process? Does it offer a wide range of unique floorplans in the variety of sleeping, dining and living configurations that I want? Do I want to settle for anything less? True value comes from true quality at a friendly price, which is exactly what you get with the 2013 Itasca Impulse®. And for those who want a little more out of their motor home experience, the Impulse Silver Package offers an additional set of upscale features such as stainless steel wheel liners, available full-body paint and a host of interior enhancements. There's no value in buying something that doesn't fit your needs. With five floorplans and choices galore, there's an Itasca Impulse to fit you perfectly.

### Why Impulse/Impulse Silver?

- Five floorplans
- Large rear trunk with recessed storage compartment (NA 24V, 31J/31JP)
- MCD roller shades
- Rear bunk beds (31J/31JP)
- One-piece fiberglass roof
- Abundant cabinetry sized to maximize storage space
- Proven quality
- 4,000-watt Cummins Onan® MicroQuiet™ gas generator
- Powered patio awning

**RECOGNIZED QUALITY** The RV Dealers Association annually bestows the Quality Circle Award based on dealer ratings to manufacturers that provide exceptional products, service and support. Only one manufacturer has received this award for sixteen consecutive years: Winnebago Industries®, proud manufacturer of the Impulse and Impulse Silver.

## BEST IN CLASS

See how Winnebago Industries takes motor home design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motor Homes.®

Click on this icon throughout the brochure to link to more information on the web.

Easily switch from CDs to AM/FM to weather band on the available touch screen **RV Radio**.® It incorporates the **Rearview Monitor** for safer backing and maneuvering.

The available **Comfort Sofa Sleeper** quickly and easily converts from a sofa into a bed with a self-inflating mattress that automatically adjusts to maintain your desired firmness level.

Day or night, the available smoothly retracting **MCD American Duo**® **Solar/Blackout Roller Shades** give you total control of light and privacy levels.

The **Lowered Entrance Step** makes it easy to get in and out of your Impulse.

Store loose gear or keep beverages on ice in this **Recessed Storage Compartment** with drain plug. The center compartment cover doubles as a table for outdoor gatherings (NA 24V and 31J/31JP).

# IMPULSE *Silver*

Take your Impulse to the next level with the Impulse Silver Package. This popular upgrade package delivers more style, more comfort and more excitement to your Impulse.

Sink covers			
Sofa throw pillows (2)			
MCD American Duo® solar/blackout roller shades			

31WP Brownstone with Coffee-Glazed Vienna Maple Cabinetry

With five floorplans, there is an Impulse perfect for you and your travel needs. Most floorplans give you the option of a cab bunk or an overhead entertainment center with a 32" LCD TV, DVD player and surround sound. The Impulse Upgrade Package, which comes standard with the Impulse Silver, offers upscale amenities such as valance treatments and MCD American Duo solar/blackout roller shades.

31WP Brownstone with Coffee-Glazed Vienna Maple Cabinetry

LCD TV mounted on swivel/telescoping bracket (26Q features a hinged bracket)

A refrigerator, range top and microwave equip you for delicious meals on the road. An oven and microwave/convection oven are also available. Upgrade to the Impulse Silver for a filtered cold-water faucet and a large double-door refrigerator with wood stile-and-rail door inserts. Full-extension drawer slides provide easy access and make the most of plentiful cabinet storage.

Refrigerator/Freezer

26Q Kitchen with Forest Cherry Cabinetry

31WP Kitchen with Coffee-Glazed Vienna Maple Cabinetry

Pull-Out Pantry

All Impulse floorplans include a queen bed. Most incorporate a bedroom slideout, allowing space for a wardrobe and his and her nightstands.

Dash with Available Appliqué

Getting there is easy and half the fun with an Impulse. Advanced features include power mirrors with defrost. The standard RV Radio with CD player can be upgraded to the touch screen RV Radio/rearview monitor or Sirius® satellite radio.

Power Mirrors

The Impulse boasts a surprising amount of storage, including a large storage trunk designed for bulky items in most models. A powered patio awning comes standard and a 4,000-watt Cummins Onan® MicroQuiet™ generator and two deep-cycle batteries on easy-access slideout trays keep the power flowing when you are away from the campsite.

Pull-Out Battery Tray

Exterior Rear Storage

Exterior Service Center

**Fiberglass Roof** The one-piece fiberglass roof is backed by a 10-year parts-and-labor roof skin warranty.

**Rubber Can't Cut It** Rubber roofs used by competitors can streak and degrade over time.

**Interlocking Joints** Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

**E-Coating** An electrodeposition coating helps protect critical steel components.

**Embedded Steel** Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

**Solid Framework** Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

**Laser-Cut Tubing** Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

**Thermo-Panel® Sidewalls** By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

**SUPER  
STRUCTURE**  
BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel pusher model—is built to Winnebago Industries® legendary SuperStructure construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

**TESTING** Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, computer simulations, our physical testing center and rigorous test track ensure each model is built to last.

**DETAILS** At Winnebago Industries, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

**BUILT IN-HOUSE** We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER  
STRUCTURE**  
BUILT TO LAST

Visit [BetterBuiltRVs.com](http://BetterBuiltRVs.com) to gain real insight into what goes into a Winnebago Industries motor home.

**TAKE A TOUR** We're proud of our processes, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at [Goltasca.com](http://Goltasca.com).

## 24V Impulse

Choose the front overhead bunk or optional entertainment center.  
Dine and relax in the dinette or U-shaped dinette.

**36-month/36,000-mile limited warranty on structure**<sup>8</sup>  
**10-year limited parts-and-labor warranty on roof skin**<sup>8</sup>

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- Impulse and Impulse Silver floorplans feature a wide-body design – over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.) Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- See separate chassis warranty.
- See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.
