INNOVATION AROUND EVERY CORNER

The success of the Sprinter-based motor home traces itself back to the head-turning introduction of the Navion.® Both the Navion® and Navion iQ are built on the Mercedes-Benz® Sprinter chassis, and combined with Winnebago Industries'® SuperStructure® construction, they are two of the most durable, fuel-efficient and fun touring vehicles on the road. Two Navion and two Navion iQ floorplans offer your choice of spacious interiors, complete with space-saving features that are the hallmark of our SmartSpace™ philosophy. If you like the unsurpassed fuel efficiency and superior ride and handling that the Sprinter chassis has to offer, you'll love the amenities, storage space and style the Navion and Navion iQ bring to this popular Class C platform.

Why Navion/Navion iQ?

- Flex Bed System (24V)
- Mercedes-Benz Sprinter chassis
- MCD American Solo® blackout roller shades
- Ultraleather™ swivel cab seat
- Coach stereo system with LCD TV
- Available L-shaped sectional dinette (24G, 24V)
- Energy-efficient LED lighting
- SmartSpace design maximizes usability
- Fuel-efficient travel
- RV Radio®/rearview monitor system

RECOGNIZED QUALITY The RV Dealers Association annually bestows the Quality Circle Award based on dealer ratings to manufacturers that provide exceptional products, service and support. Only one manufacturer has received this award for sixteen consecutive years: Winnebago Industries,® proud manufacturer of the Navion and Navion iQ.

BEST IN CLASS

See how Winnebago Industries takes motor home design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motor Homes.®

Click on this icon throughout the brochure to link to more information on the web.

The **Comfort Sofa Sleeper** quickly and easily converts from a sofa into a bed with a self-inflating mattress that automatically maintains the proper inflation (24M, 24G, 24V).

Day or night, the available smoothly retracting **MCD American Duo® Solar/Blackout Roller Shades** give you total control of light and privacy levels. MCD American Solo® blackout roller shades come standard.

A large **Skylight** brightens the lounge and adds a sense of grandeur to the Navion iQ.

The available **Front Overhead Entertainment Center** in the 24J boasts a large 32" LCD TV and additional storage.

A **Swivel TV Bracket** in the Navion iQ lets you enjoy television from any seat in the lounge.

Easily shutter the coach at night for your privacy with the built-in **Cab Window Blinds** (standard 24G, 24V, available 24J, 24M).

The **BenchMark® Full-Comfort Dinette** includes innerspring cushions that flip up to reveal hidden storage bays. At night it converts into a comfortable bed (24J, 24M).

24J Barley with Café Cherry Cabinetry

The Navion and Navion iQ pay close attention to detail, employing energy-conserving LED lighting that reduces energy consumption by up to 70 percent and offering an available powered skylight/roof vent with sliding screen and pleated shade for total control. Add the interior upgrade package for MCD American Duo solar/blackout roller shades and a host of other interior features that make your adventures more enjoyable.

24V Incline with Café Cherry Cabinetry

24V Available Powered Skylight/Roof Vent

24V Kitchen with Café Cherry Cabinetry

24J Kitchen with Café Cherry Cabinetry

The versatility and convenience of the microwave/convection oven allows you to create fabulous meals while saving space. The available wood covers for the stainless steel double-bowl sink and flip-up glass range cover give you even more room for meal preparation. Add the water filtration system for refreshing drinking water wherever you go.

Full-Extension Drawer Slides

Range and Sink Covers

Two-Burner Range

The BenchMark full-comfort dinette provides seating, storage and a place to sleep in the Navion. The Navion iQ offers the Comfort Sofa Sleeper or available L-shaped sectional dinette crafted in our very own Stitchcraft facility, which has been building motor home furnishings over more than 50 years. In that time they have produced more than one million pieces of furniture.

24J BenchMark

24V L-Shaped Sectional Dinette

24V Flex Bed Twins

If you love to keep your options open, select the Navion iQ 24V. It features the Flex Bed system that can be configured as a queen bed or two twin beds based on your traveling needs. A dedicated 110-volt outlet is connected to the available 1,000-watt inverter to provide power without the need to run the generator when shoreline power is not available.

24V Flex Bed Queen

24J Bathroom

Dash

Nothing makes a road trip fly by like listening to your favorite tunes on the RV Radio®. Upgrade to Sirius® satellite radio for more than 100 digital stations from coast to coast. When you are parked, the Ultraleather cab seats turn to face the lounge to increase your functional living space.

Swivel Cab Seats

Electric Patio Awning

An electric patio awning with protective metal wrap comes standard with both the Navion and Navion iQ (w/full-body paint). Add the available exterior speakers to listen to the coach stereo system in the great outdoors. The color-coded water and service center takes the hassle out of hookups and includes a lockable water tank fill door. To maximize your storage, select the 24G with its large rear storage compartment.

Exterior Service Center

Fiberglass Roof The crowned, one-piece fiberglass roof is backed by a 10-year parts-and-labor roof skin warranty.

Rubber Can't Cut It Rubber roofs used by competitors can streak and degrade over time.

Interlocking Joints Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

E-Coating An electrodeposition coating helps protect critical steel components.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

Thermo-Panel® Sidewalls By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

Laser-Cut Tubing Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Navion

**SUPER
STRUCTURE**

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel pusher model—is built to Winnebago Industries'® legendary SuperStructure construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, computer simulations, our physical testing center and rigorous test track ensure each model is built to last.

DETAILS At Winnebago Industries, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

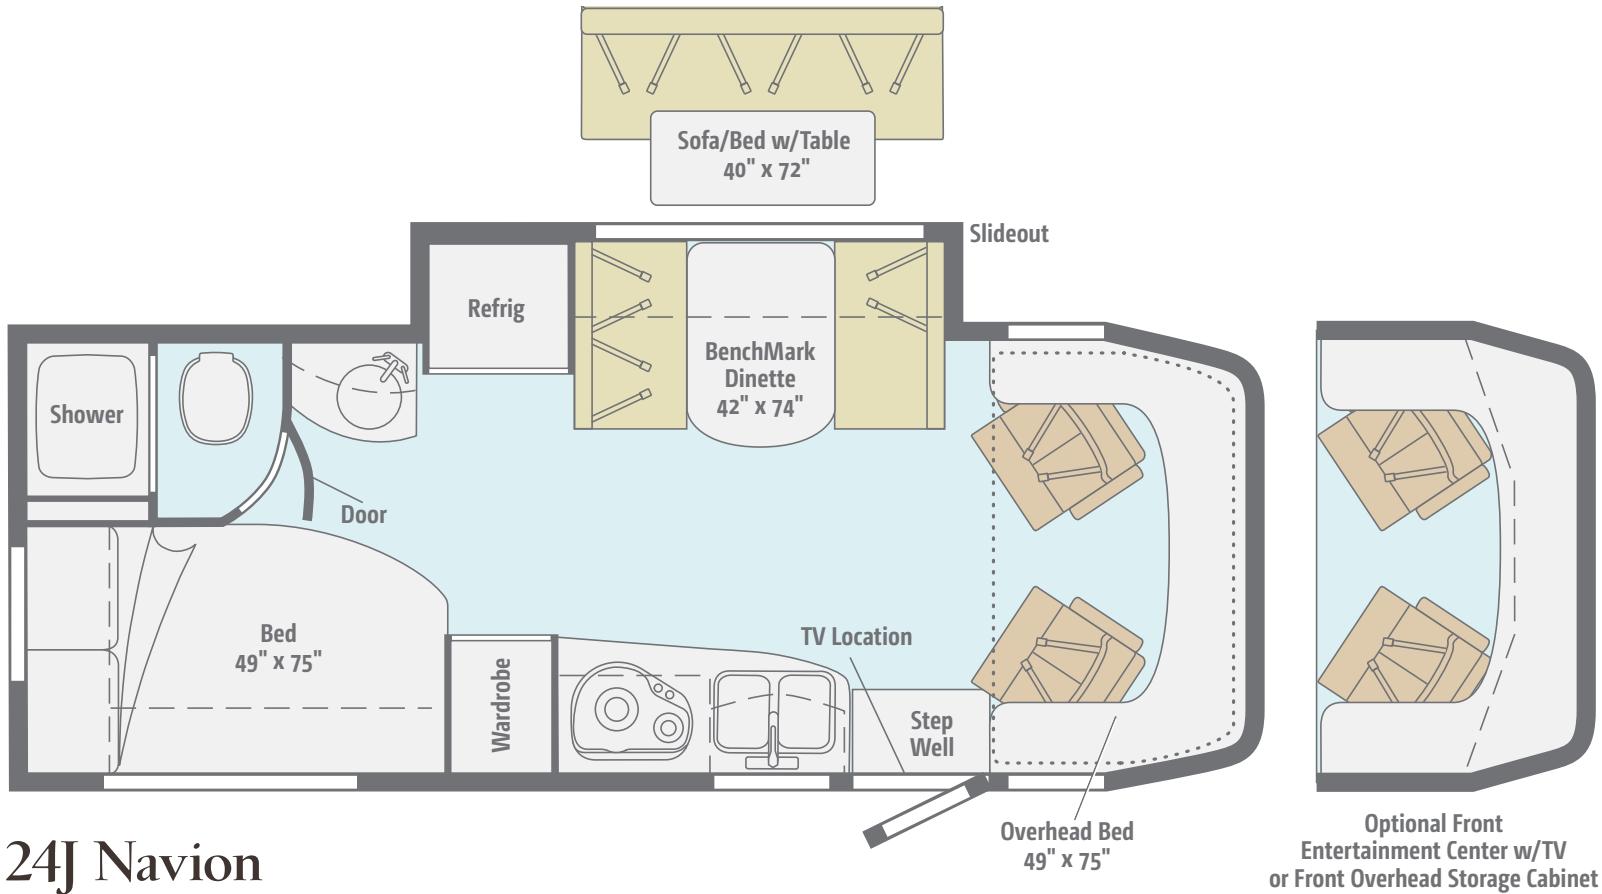

**SUPER
STRUCTURE**
BUILT TO LAST

Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago Industries motor home.

TAKE A TOUR We're proud of our processes, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

24J Navion

With a dinette slideout, swivel cab seats, corner bed and complete kitchen, the 24J is the total package in a fun-to-drive coach.

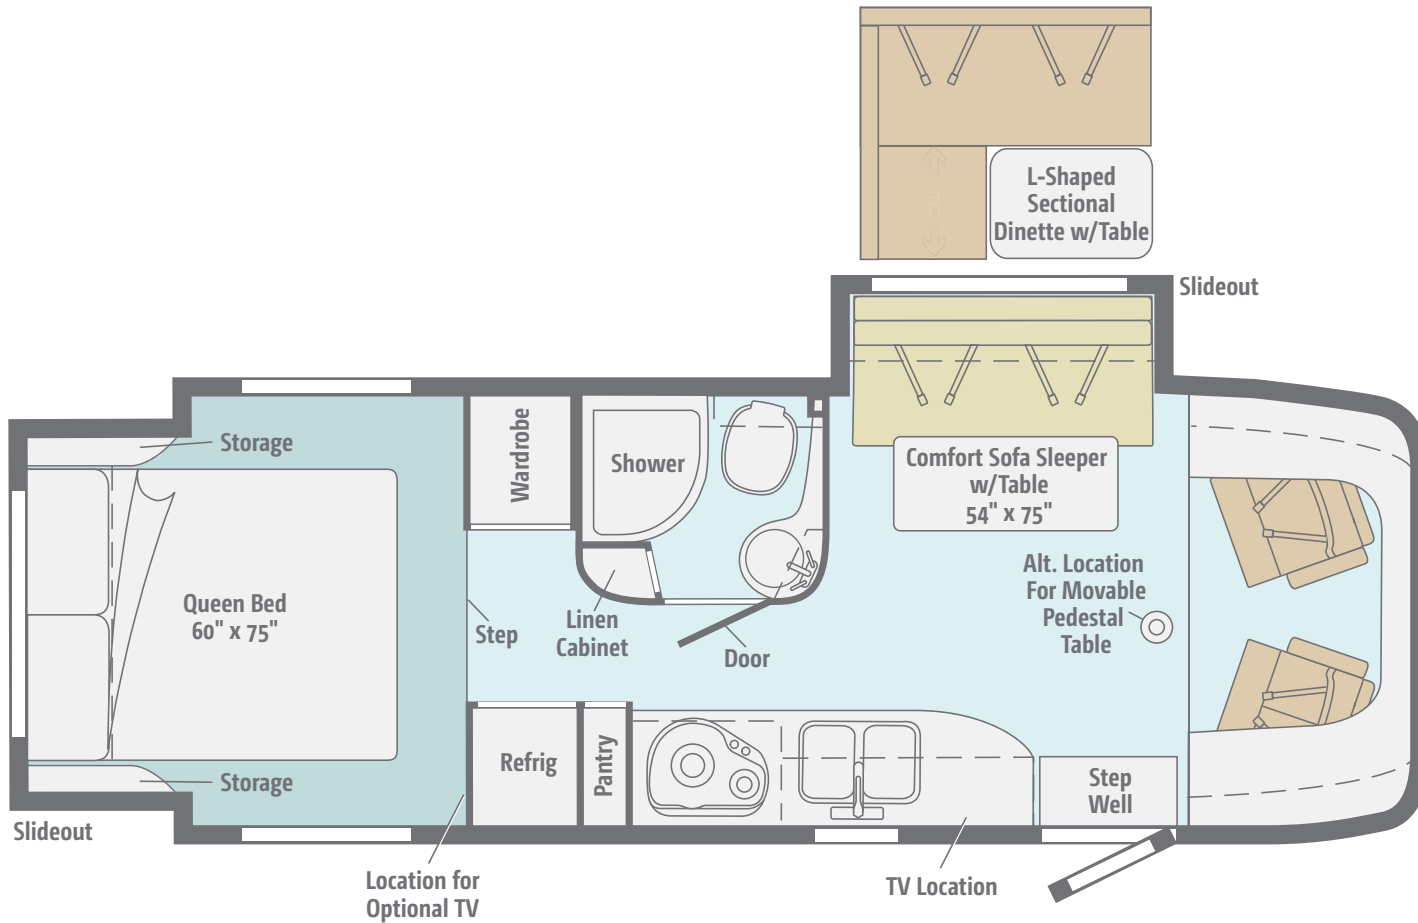

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

24M Navion

The spacious living area created by the lengthy slideout contains both the BenchMark dinette and Comfort Sofa Sleeper.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

24G Navion iQ

The bedroom slideout presents a walk-around queen bed, while the lounge offers the Comfort Sofa Sleeper or L-shaped sectional dinette.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

High-mount brake lamps

Daytime running lamps

Warranty⁶

12-month/15,000-mile basic warranty⁷

36-month/36,000-mile limited warranty on structure⁷

10-year limited parts-and-labor warranty on roof skin⁷

¹ The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.

² The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.

³ Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.

⁴ Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.

⁵ Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

⁶ See separate chassis warranty.

⁷ See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Comparisons to other motorhomes are based on the most recent information available at printing.
