ON THE COVER: 30C Studio Full-Body Paint

27K Stonington with Coffee-Glazed Vienna Maple Cabinetry

EVERYTHING YOU LOVE ABOUT LIFE ON THE ROAD

The Itasca Cambria® is a touring coach that's as easy to drive as it is fun to own. You might be surprised that a coach with this kind of automotive handling and performance can still offer the generous interior spaciousness of dual or triple slides, an abundance of storage and all the comforts of home. Then again, with Winnebago Industries'® reputation for quality and innovation, you should expect nothing less. Two floorplans get you in the mood for adventure, including the new 27K with a large kitchen and swivel cab seats that turn to face the lounge. Whether you love to drive or love to relax, the 2013 Itasca Cambria offers everything you love in one sleek package.

Why Cambria?

- Ultraleather™ furniture
- LED lighting
- MCD American Solo® blackout roller shades
- LCD TV in lounge and bedroom
- Powered patio awning with metal wrap
- BenchMark® dinette
- Available Comfort Sofa Sleeper
- Available Rest Easy® sofa
- Plentiful wardrobe storage

RECOGNIZED QUALITY The RV Dealers Association annually bestows the Quality Circle Award based on dealer ratings to manufacturers that provide exceptional products, service and support. Only one manufacturer has received this award for sixteen consecutive years: Winnebago Industries®, proud manufacturer of the Itasca Cambria.

BEST IN CLASS

See how Winnebago Industries takes motor home design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motor Homes.®

Click on this icon throughout the brochure to link to more information on the web.

The available **Rest Easy Multi-Position Lounge** glides from a sofa to a lounge to a comfortable bed at the press of a button.

Expand your living space with **Swivel Cab Seats** that turn to face the lounge (standard 27K, available 30C).

The **BenchMark Full-Comfort Dinette** includes innerspring cushions that flip up to reveal hidden storage areas. It also features the Dream Dinette table for one-handed table adjustments. At night it quickly converts into a comfortable bed.

Drawers open wide on **Full-Extension Drawer Slides** for easy access to stored items.

Day or night, the available smoothly retracting **MCD American Duo® Solar/Blackout Roller Shades** give you total control of light and privacy levels.

The available **Comfort Sofa Sleeper** quickly and easily converts from a sofa into a bed with self-inflating mattress that automatically adjusts to maintain your desired firmness level.

27K Stonington with Coffee-Glazed Vienna Maple Cabinetry

The 27K feels larger than its streamlined footprint, thanks to features like dual slideouts and cab seats that turn to become lounge chairs when your Cambria is parked. The 30C, with its three slideouts, provides plenty of room for both a dinette and sofa. Both models offer a complete DVD entertainment center that is connected to the standard 4,000-watt generator and available 1,000-watt inverter to keep the fun going when you are away from a power source.

30C Stonington with Honey Cherry Cabinetry

27K Swivel LCD TV

 27K Kitchen

Meal preparation is easy in a kitchen that features a microwave, three-burner range and an abundance of storage. Add the interior upgrade package for sink and range covers and raised-panel refrigerator inserts to match the cabinetry. The standard BenchMark dinette provides a comfortable setting for any meal.

 BenchMark Full-Comfort Dinette

Refrigerator/Freezer

A rear slideout opens up the private bedroom, allowing for a walkaround queen bed and full wardrobe. The bedroom TV helps you wind down after a long day. A dedicated 110-volt outlet is connected to the available 1,000-watt inverter to provide power without the need to run the generator when shoreline power is not available.

27K Bedroom

30C Mirrored Wardrobe

30C Shower

Dash

Soft Ultraleather cab seats make the ride fly by and a six-way power pedestal for the driver adjusts to the perfect position whether you are short, tall or in between. Navigating the campsite is easy with power mirrors and a rearview monitor that is incorporated into the touch screen RV Radio.

Power Mirrors

RV Radio/Rearview Monitor System

The available exterior entertainment center boasts a stereo (27K) or a stereo and LCD TV (30C) to keep you entertained as you relax beneath the awning. Keep it powered with house batteries that sit on a slideout tray for easy access. A lowered entrance step eliminates the need for a separate step and makes getting in and out of your Cambria a breeze for people of all ages.

Lowered Entrance Step

30C Exterior Entertainment Center

Slideout Battery Tray

27K Exterior Entertainment Center

Storage is a top priority in the Cambria, where you'll find a large rear storage compartment in the 27K with access through side and rear doors. A recessed area features a compartment cover that doubles as a folding table. The exterior service center includes color-coded labels for easy hookups.

Fiberglass Roof
The crowned, one-piece fiberglass roof is backed by a 10-year parts-and-labor roof skin warranty.

Rubber Can't Cut It
Rubber roofs used by competitors can streak and degrade over time.

Thermo-Panel® Sidewalls
By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

E-Coating An electrodeposition coating helps protect critical steel components.

Laser-Cut Tubing Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

**SUPER
STRUCTURE**

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel pusher model—is built to Winnebago Industries'® legendary SuperStructure construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, computer simulations, our physical testing center and rigorous test track ensure each model is built to last.

DETAILS At Winnebago Industries, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**
BUILT TO LAST

Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago Industries motor home.

TAKE A TOUR We're proud of our processes, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.

TrueLevel™ holding-tank monitoring system

Safety

Seat belts

Driver and passenger air bags

Child seat tether anchor (dinette)

LP, smoke and carbon monoxide detectors

10 BC fire extinguisher

Ground fault interrupter

High-mount brake lamps

Warranty⁶

12-month/15,000-mile basic warranty⁷

36-month/36,000-mile limited warranty on structure⁷

10-year limited parts-and-labor warranty on roof skin⁷

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances, which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- See separate chassis warranty.
- See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.
