

CAMPING TRAILERS

SIMPLE SETUP. BUILT TO LAST.

easy camping

five LIFETIME WARRANTIES

1 LIFTER SYSTEM

Fully enclosed (n/a Sport) to protect against road debris and rust, our one-of-a-kind, patented lifter system uses strong, flexible push-rods to guide the roof, while our three-stage tubular lift posts include nylon bushings to reduce friction, shed water and protect the tent fabric.

2 BED PLATFORM

A two-piece extruded aluminum bed frame, 1/2" decking and heavy-duty bed supports hold up to 1,050 pounds.

1,050-LB. RATED BUNK ENDS

5-YEAR TENT WARRANTY

Our DuraTek water-repellent tent material, double-stitched in our own factory, is built to resist mildew, mold, scratches and cracks.

YOU WANT PEACE OF MIND

That's why we offer our exclusive 2-year Co-Pilot Warranty, the industry's best and most comprehensive warranty program.

Committed to quality, we back our camping trailers with five lifetime component warranties, a 5-year tent warranty and an industry-leading 2-year warranty. Simply put, you can camp easy knowing we stand behind our product.

3 ROOF

Jayco's fiberglass roof features a unique dome design for better water runoff and one-piece construction for superior leak prevention, ensuring your RV will weather the elements.

SEAMLESS DOME ROOF

4 FRAME

Powder coated to prevent corrosion, Jayco's custom-built frame features an integrated, unwelded A-frame design that prevents buckling for the ultimate in longevity.

INTEGRATED A-FRAME

5 FLOOR

Jayco wraps its one-piece Structurwood with water-resistant Poly Flex material. Using glue and screws to double bond the floor to the frame, Jayco's camping trailers boast one of the industry's strongest foundations.

POLY FLEX-WRAPPED FLOOR

WITH YOUR PURCHASE

Every Jayco RV undergoes rigorous quality control testing before it leaves the factory, so you can be confident your new Jayco will continue to provide the ultimate in reliability for years to come.

For a copy of our 2-year Co-Pilot limited warranty with full terms and conditions, ask your local Jayco dealer.

JAYCO'S FEATURE-PACKED CAMPING TRAILERS...

designed with comfort in mind

Jayco camping trailers feature Amish-crafted cabinetry with ball bearing drawer guides, just one of many durable details that will outlast everything but your memories.

BUNK-END LIGHTS

Standard bunk-end lights provide evening reading light while doubling as a fan (n/a Sport).

WATER FILTRATION

A water filtration system makes for tastier water in Jay Series and Baja.

BATTERY GAUGE

Take the guess work out of keeping your RV powered up thanks to the Baja's battery voltage gauge (Customer Value Package).

THE **Jayco**[®] family STORY

THE JAYCO STORY BEGAN IN 1968 WITH OUR FAMILY—THE BONTRAGERS. Lloyd Bontrager created an innovative, easy-to-use lifter system that led to a better fold-down camper. Loaded with more conveniences, he believed his camper would bring families closer together.

Since then, the Jayco family has grown. From our factory to our front office, from our salespeople to our suppliers, our family bond is four decades strong with the support of more than 300 Jayco dealers.

Together, we're helping make new family stories. **YOUR FAMILY STORY.**

welcome to the **Jayco family**

Establishing a solid relationship with your local Jayco dealer is a key component in the enjoyment of your new Jayco. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support. We hope you enjoy working with them as much as we do.

Jayco proudly sponsors Tread Lightly!, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

Unloaded Vehicle Weight (UWV): Sometimes referred to as "Dry Weight," UWV means the typical weight of this trailer as built at the factory. The UWV, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UWV plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UWV and the CCC.

From RV insurance to extended warranties, JayPlus has it covered. Ask your Jayco dealer about our exclusive JayPlus program today.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UWV. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

Travel worry-free with Jayco's Customer First Roadside Assistance program, yours at no cost during your first year of ownership. This program is offered through Coach-Net, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

As a Jayco owner, you can be part of the Jayco Jafari International Travel Club. Ask your dealer about the Jafari "flight" in your area, write Jayco or visit our website.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart inside.
