Cedar Creek

Radius Ceilings create a dramatic and elegance to this rear entertaini

36RE

Imagine traveling without leaving behind the comforts of home, or taking a turn just to see where the road leads. Experience luxurious living in a Fifth Wheel that's tough enough to handle the rigorous travel of life on the road. Experienced RVers appreciate the feeling of safety and security Cedar Creek delivers. Shown with optional Gunslinger recliners in Cognac Taupe.

*effect adding beauty
nment fifth wheel.*

Pleasurable dining with a view ... the Freestanding dining table with an extension is surrounded by automotive frameless windows for a seamless transition between the outdoors and indoors.

This Center island kitchen features an optional 18 cu. ft. electric residential refrigerator with an ice maker, surrounded with 15 full extension, pull-out drawers, including three large pot and pan drawers for maximum storage capacity.

Cedar Creek's exclusive walk-in closet is washer/dryer prepped and features a rotating closet organizer, shoe caddy, belt rack, shirt rack, and deep full extension drawers providing more hanging storage than any other fifth wheel on the market today!

34RLSA

Relax a little longer in our private bedroom retreat. Each Serta® Dreamscape Mattress is a full 60" x 80" or choose an optional King size bed. An optional upgraded Trump Luxury Home residential mattress with memory foam comfort is also available.

Cedar Creek's beautiful custom designed interiors are loaded with comfort and amenities.

34RLSA

Comfort and elegance is balanced with practical RV Living with efficient floor plans that create an abundance of choices to fit your lifestyle. Shown in Biscotti decor with optional leather chairs.

Cedar Creek's bathrooms all feature a 48" residential, one-piece fiberglass rectangular shower with sliding glass doors, a large seat and an upgraded shower head. Forest River's water filtration system supplies the shower and sink with filtered water. An 18" circular flow porcelain toilet and linen cabinet complete this spacious bathroom.

36B4

Four large 36" wide bunks can accommodate two optional Hide-a-Beds or Jackknife sofas for extra sleeping space. Access the standard second bathroom from the Bunk room or from outdoors. Shown in Champagne decor.

36B4 Exterior Kitchen option includes a two burner cooktop, kitchen sink, outlets, drawers, cabinets and a huge work surface for families and friends that love playing outdoors. A standard outside refrigerator keeps food and beverages on hand.

Cedar Creek

38Fl

This amazing entertainment center includes a 40" Jensen Television with Remote, Full HD, 1080p Blu-Ray Player with Wireless Vizio Internet Apps, Home Theater Sound Bar, and Subwoofer, AM/FM/CD Receiver, plus an iPod/iPhone Cradle. Shown in Paradise decor.

Cedar Creek Features

Details make the difference...

Cedar Creek's audio, video, and home theatre system gives you so much more than our competitors, making for a great experience on the road. Built-in Wi-Fi allows easy, high-quality connection to your favorite wireless networks such as Netflix, Hulu Plus, Pandora, and Facebook.

Dirt Devil® CV950 central vac cleaning system with VacPan™ automatic dustpan at entry door.

Another feature that we've taken from residential construction is our super quiet "HP" (High performance) 15,000 BTU air conditioning system, which includes a larger compressor and cold air returns! This means 30% more air is being forced into the coach than a standard 15,000 air conditioner.

Live life comfortably with our standard La-Z-Boy® Reclina-rockers. Choose from Fabric, Gunslinger Microfiber, or True Leather (Lifetime warranty on parts).

18" Tall gravity discharge porcelain toilet with power flush rim wash.

Sealed burners create the ultimate in function without sacrificing beauty with our standard stainless steel oven. High output super burners, heavy duty removable grates, and piezo ignitors complete this residential style stove.

"Made in the USA" 20 watt LED Gig lighting throughout our cabin creates a brighter, white light, is cool to the touch, and uses 80% less electricity. What's not to love about that?

Removable "Soft Top" Vinyl Storm Doors allow light and visibility without losing cooling or heating.

9100 Series A & E Electric Awning with black metal weather shield provides outside comfort.

Cedar Creek's original design "Z" Frame. This frame gives our customers over 100 cu. ft. of storage space, turning their front storage compartment into a front storage shed.

Wireless Remote Control – A Forest River exclusive that has controls for the electric awning, slide rooms, all jacks including the optional "level-up", and security entrance lighting.

Docking Station includes outside shower, black tank flush, water filter, dump valves, and water tank fills for centralized convenience.

Aluminum metal is wrapped all the way to the frame for a clean, crisp looking exterior.

Automotive frameless windows give this coach's exterior an elegance only seen in high dollar fifth wheels.

"Level-Up"™ 6 Point Hydraulic Stabilization System

Rated #1 Customer Preferred Option

Leveling and stabilizing a fifth wheel has never been an easy task until now. The patent pending "Level-Up" technology makes set ups easier, faster, and a lot safer than the old style 4-point system. With the IR wireless remote you can visually observe coach and slide-room movement, side to side and front to back.

Stabilization is one of the most important features of this option, allowing no movement within the coach once the legs have been set. The system is even powerful enough that if you need to achieve a level unit, with the tires off of the ground, this system can handle it.

Side Walls R-Value (9)

- Handmade 2 x 2 - 16" (or less) on center sidewalls with individually fastened custom "L" brackets combined with Uniroyal® Silaprene adhesives for a strong flexible frame without welding or lamination. (475 PSI at 2" per minute, marine grade)
- Nobel Classic True Gelcoat exterior – the best of the best in fiberglass
- All baggage doors and entry doors are made out of Nobel Classic True Gelcoat exterior to prevent uneven aging of your unit
- Royal Silaprene® Bonded Sidewalls Resilient, grows stronger with age. Also has outstanding resistance to UV, heat, cold, moisture, oils, gasoline, highway chemicals, and creates a bond that cannot delaminate with time
- Sidewalls are bolted to the floor with 5/16" x 6-1/2" carriage bolts at each outrigger

- Glued R-7 fiberglass insulation expanded to its full capacity within the sidewall frame
- Designed by Forest River, a new unique slide-out seal system for tighter, stronger water protection – first of its class – compare it!
- Five direction insulation in all slide-out rooms

Floors R-Value (38)

- 3" Aluminum frame floor with in-floor heat ducting and radius "L" brackets combined with Uniroyal® Silaprene adhesives
- 5/8" Tongue and groove plywood
- Cambered 10" + 2" I-Beam "Z" frame with large support outriggers and full length welds
- 5/8" Tongue and groove marine grade, plywood floor is attached to the aluminum frame with Silaprene and screwed every 6"
- Darco waterproof underbelly
- Fully enclosed 4' x 8' ABS removable panels for easier access into the underbelly. We use wood stringers to attach with no holes in the frame

- Triple layer insulation enhances the protective values of plywood, vinyl, carpet, carpet pads, tank heaters, etc.
- 12V. Tank heaters on all tanks
- Radiant shield insulation – 97% reflectivity, 3% emission

Roof R-Value (38)

- Full length 3/8" wood roof decking for a full walk-on roof (Screwed - not stapled)
- Triple layer insulation supplements the cohesive retention factors of roof decking and rubber membrane
- 2 x 2 - 16" OC -5" truss roof rafters with 8" wide circular air duct. Circular ducting combined with our high performance (bigger compressor) air conditioner and Cedar Creek achieve a 30% increase in air conditioning performance over our competitors in hotter climates
- Two ply – Tuff Ply rubber roof membrane with built-in fire retardant
- Full length drip rails with spouts from the front to the rear

Cold room tested to zero degree Fahrenheit with standard insulation and heating pads with no tank freezing!

Construction Features

- Roof is bolted to sidewall with 5/16" x 3-1/2" carriage bolts
- New 3" roof radius
- Radiant shield insulation – 97% reflectivity, 3% emission
- Fully ducted 15,000 BTU high output A/C with cold air returns that are also braced and wired for an optional ducted second A/C

Residential Glasswool Insulation, designed by nature.

State-of-the-art construction techniques along with top grade building components give Cedar Creek its reputation for long-lasting quality.

High-Performance Quiet Zone™ Ducted Air System consists of the 15,000-BTU HP air conditioner, a residential-style return air duct system and Comfort Control Center which create a dynamic combination with a powerful result." The result is the most power-efficient AC system in existence with both the industry's highest-performance air conditioner and the industry's lowest power draw.

Superior Performance

Dexter Axles/Brakes/ Suspension For Performance and Safety

- Nev-R-Adjust™ Brakes are always properly adjusted for improved stopping power in half the distance
- E-Z Flex™ rubber equalization system with 1/2" link plates and eight grease zerks per side
- Heavy duty axles with bronze bushings in shackles (No plastic bushings like our competitors)
- Eight lug, LT, "G" rated, Goodyear tires on 7000 axle units (36RE, 36CKTS, 36MDX, 36B4, 38FL) American Made! (Optional on 34RLSA)

Cedar Creek's famous residential All-aluminum Super-structure (Roof, sidewalls, and floor) on 16" centers or less.

3" Aluminum floor studs, heat duct and 5/8" tongue and groove plywood floor.

Aluminum window frames.

Dexter Nev-R-Adjust® Brakes Standard

Dexter E-Z Flex® Suspension Standard

Radiant shield Thermo-foil – R-38.

Compare acceleration forces experienced by an axle and trailer while traveling over railroad tracks at 30 MPH. The E-Z Flex® System provides up to an 80% reduction in forces on the trailer frame vs. a standard equalizer. E-Z Flex® significantly outperforms all other competitors in the same road test for a smoother, more protective ride for your trailer and cargo.

True Nobel Classic fiberglass gelcoat exteriors and end walls. Truly the best of the best in fiberglass. Accept no imitations.

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

24/7 EMERGENCY ROADSIDE ASSISTANCE

For a worry-free ownership experience Forest River includes one year of Coach-Net RV Technical & Roadside Assistance with each RV purchase. Whether new to the RV lifestyle or an experienced RV enthusiast, Forest River owners have 24/7 access to technical, operational and emergency road service coverage throughout the US & Canada. Coach-Net's fast, dependable service is just a phone call away.

Coach-Net®
RV Technical & Roadside Assistance

Cedar Creek "Touring Edition" Full Body Paint
