UNLOADED VEHICLE WEIGHT (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories. The weights of certain options and/or option packages are not included in the UVW listed above. **GROSS VEHICLE WEIGHT RATING (GVWR):** GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC. **CARGO CARRYING CAPACITY (CCC):** CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC. **HITCH WEIGHT (HW):** The hitch weight, as used in product literature

and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight. It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Starcraft affixes a weight label to each RV which lists weight information for that vehicle. See specification chart above.

AIR CONDITIONING
Stay cool with a standard 8,000-BTU air conditioner or turn it up a notch with the optional 13,500-BTU roof A/C.

AM/FM/AUX STEREO SYSTEM
Relax with your favorite music using Launch's handy stereo, offering AM/FM and MP3/iPod inputs.

SIMPLY THE BEST CONSTRUCTION

At Starcraft, we've built a strong reputation for making reliable, durable campers for almost 50 years. We use only the highest-quality materials and state-of-the-art production techniques. **It's this devotion to durability that has helped our company become a recognized manufacturer with a full lineup of affordable towables.** In short, the last thing you have to worry about when you're camping is your camper.

eco advantage™

The Starcraft EcoAdvantage is our company's commitment to protecting the environment. Scan this QR code with your smartphone to watch a video about our efforts and the impact we're making on our planet.

FIBERGLASS WALLS

Launch boasts TuffShell vacuum-bonded lamination, featuring welded aluminum framing, fiberglass sidewalls and metal backers, making it one of the lowest-priced fiberglass travel trailers on the market.

Warranty

Each Starcraft is warranted to the original purchaser for twelve (12) months from the original date of purchase against defects in materials and workmanship. For a copy of the limited warranty with full terms and conditions, ask your local Starcraft dealer.

Roadside Assistance

Travel worry-free with the complimentary Good Sam Roadside Assistance program, which gives you immediate access to dependable roadside assistance with a simple phone call.

The Value of Your Local Starcraft Dealer

Establishing a solid relationship with your local Starcraft dealer is a key component in the enjoyment of your new Starcraft. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support.
