Freedom Awaits.

The image shows the interior of a motorhome, specifically the living area. On the left, a large flat-screen TV is mounted on a wood-paneled wall, displaying a golf course. Below the TV is a wooden cabinet. In the center, a kitchenette features a dark countertop with a silver kettle, a white pitcher, and two mugs. A small potted plant sits on the counter. Below the counter are wooden cabinets and a decorative stone backsplash. To the right of the kitchenette is a white leather-upholstered bench seat with a brown patterned cushion. Large windows on the right side of the motorhome offer a view of a mountain range and evergreen trees. The ceiling is white with recessed LED lighting. The floor is made of light-colored wood.

## LET YOUR SPIRIT SOAR

The Free Spirit sets the standard by which all other Class B's are compared. The commitment to quality and attention to detail is undeniably evident throughout the coach. High-end fabrics, curved solid wood cabinetry, solid surface countertops, and recessed LED lighting compliment the entire unit. On top of all this, the Free Spirit is the most fuel efficient RV in the Leisure Travel Vans lineup, boasting an impressive estimated 22 MPG.

The rear dining area comfortably seats four for a great evening of dining and entertainment.

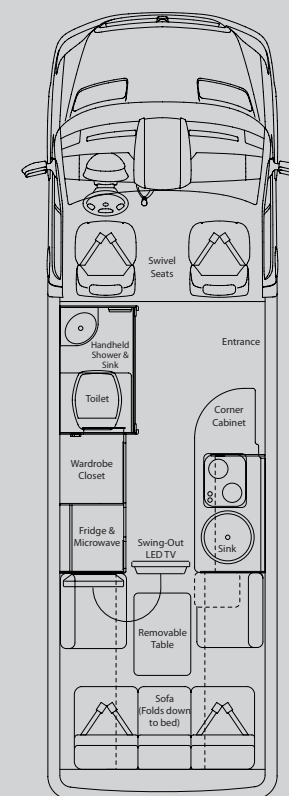

At night, the dining area converts into an incredibly spacious and comfortable queen-size bed.

The Free Spirit is engulfed in great looking cabinetry surrounded by brand name appliances. The optional 22" LED TV is perfectly positioned for watching movies from the rear power sofa.
