TRAVEL TRAILERS AND FIFTH WHEELS

TRAVEL TRAILERS AND FIFTH WHEELS

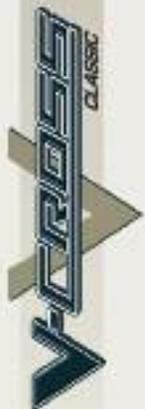

V-CROSS  
CLASSIC

A division of Forest River Inc.,  
a Berkshire Hathaway company

**27VCFK** This amazing wrap-around front kitchen is as functional as it is beautiful. Huge overhead storage cabinets and an oversize pantry will keep you well stocked on long leisurely trips. The front windows flood the kitchen with daylight and create an inviting atmosphere. Shown with an optional oven in Woodland Sienna.

## GET THE V-DESIGN ADVANTAGE

The unique V-Cross front end allows more headroom and huge front windows for great views with lots of natural light. This V-Design front end cuts through the air with greater stability when towing with better fuel economy than a conventional flat front trailer.

**27VCFK** V-Cross offers a large hall closet that accommodates loads of gear – something unheard of in a travel trailer. A TV with hook-ups mounts in the ideal location on this rich cherry wall. Further down the hall there's a large all-in-one bathroom with a neo-angle shower with glass doors. Plus, a large wardrobe with even more storage space is just across the hall.

**27VCFK** This all new slide room design, shown in Woodland Sienna offers a flush floor; it's easier than ever to get in and out of the booth dinette. Large storage drawers under the seats are perfect for pots and pans or any oversized items. The sofa sleeper is plush and comfortable. A cherry shelf behind the sofa is the perfect place for your decor items. Two huge windows let in the light, ventilation and offer great views.

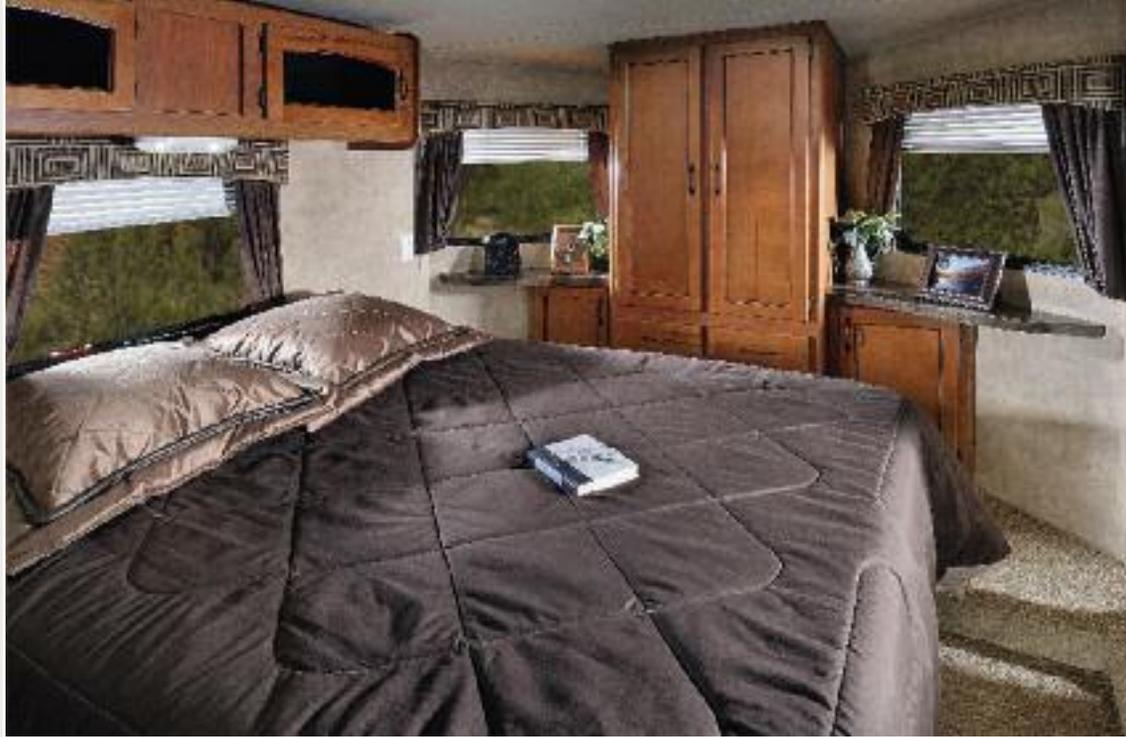

### **30VCBHS**

Everyone loves this bunk room – especially kids. It sleeps four with lots of floor and storage space.

**30VCBHS** This U-shaped dinette is the ultimate place for lots of people to share great meals and good times. The oversize table with thick padded seats has generous storage drawers for games and extra gear. Shown in Newport Chocolate.

**245VCRD** Only V-Design fifth wheels can offer an incredible bedroom like this! Most small fifth wheels have a sloping front that's intended to cut through wind. The bed must tuck up, into the front of the cap. Our V-Design allows for a full height front bedroom! This well-planned bedroom includes a walk-around queen bed, a generous front closet, storage drawer, and counters with storage below. Plus windows on every wall make this room feel like a luxury retreat.

**245VCRD** This entertainment center is in the perfect viewing location for the U-shaped booth dinette and sofa, and includes lots of storage space. A private bathroom and bedroom are just steps away. This all new side aisle floorplan design offers a private bathroom, separate from the bedroom.

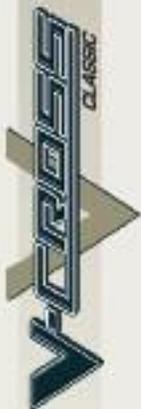

**30VCFKS** This extra long, extra deep flush floor slide room provides a comfortable sitting and dining area with large impressive windows.

**30VCFKS** Looking for the ultimate front kitchen model? 30VCFKS has amazing storage, huge counters, and a bar with two stools where people can sit to enjoy a meal or just hang out. It's the perfect floorplan for any occasion.

V-design fifth wheels work in short bed pick-up trucks without the use of a slider hitch.

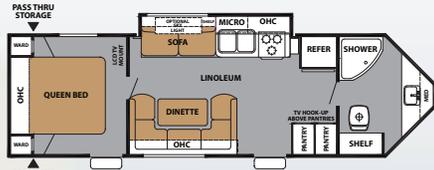

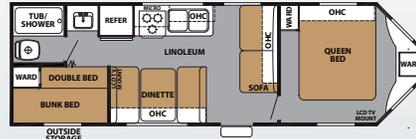

**245VCRD** Fifth wheels are popular. V-Cross Fifth Wheels pack everything you need into a smaller package. The 245VCRD features a sofa sleeper in the rear with the amazing oversize u-shaped dinette. The kitchen has everything you need to make meal time a snap. Shown in Cambria Earth.

# V-CROSS CLASSIC

## V-CROSS DESIGN VS. FLAT FRONT TRAILERS

The unique V-Cross design maximizes headroom and storage room.

V-Cross design directs air flow around the sides of the trailer. Air impacts and scatters around and above flat front trailers.

## GET THE V-CROSS ADVANTAGE

### MORE USABLE SPACE – BETTER AERODYNAMICS

The V-Cross shape creates 75 cu. ft. of extra interior space for larger bathrooms, bedrooms and kitchens with full interior height at the front end of the trailer. The “V” design cuts through wind, improving aerodynamics for better fuel efficiency. LP bottles and batteries are safely enclosed. Air flow around the front end deflects bugs and debris, keeping the unit clean and improves towability.

### PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

**Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:**

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!
