REDHAWK

MOTORHOMES BY JAYCO

## LUXURY STARTS WITH ATTENTION TO DETAIL

### A. REDHAWK'S WELL-APPOINTED CAB

Three-point lap and shoulder safety belts, power windows and locks, and deluxe remote control side view mirrors make driving to your destination a delight.

### B. MEGA STORAGE

Lockable exterior storage with door pulls provide easy access to your gear.

### C. SPACIOUS LIVING AREA

With residential-style furniture and kitchen, along with cable TV hookup with RG6 coax and digital antenna with signal booster, the Redhawk becomes your home away from home.

### D. SLEEP IN COMFORT

Redhawk's bedroom includes a queen-sized bed with quilted bedspread, large wardrobes and under-bed storage (select models), providing ample space for stowing the essentials.

### E. TRITON 6.8L EFI V-10 305 HP ENGINE

Redhawk combines the robust Triton engine with a Ford E-450 chassis for ultimate handling.

## YOU WANT PEACE OF MIND WITH YOUR PURCHASE

That's why we offer our exclusive 2-year Co-Pilot Warranty, the industry's best and most comprehensive warranty program.

Every Jayco RV undergoes rigorous quality control testing before it leaves the factory, so you can be confident your new Jayco will continue to provide the ultimate in reliability for years to come.

# THE Jayco® family STORY

**THE JAYCO STORY BEGAN IN 1968 WITH OUR FAMILY – THE BONTRAGERS.** Lloyd Bontrager created an innovative, easy-to-use lifter system that led to a better fold-down camper. Loaded with more conveniences, he believed his camper would bring families closer together.

Since then, the Jayco family has grown. From our factory to our front office, from our salespeople to our suppliers, our family bond is four decades strong with the support of more than 300 dealers.

Together, we're helping make new family stories. **YOUR FAMILY STORY.**

welcome to the Jayco family

Establishing a solid relationship with your local Jayco dealer is a key component in the enjoyment of your new Jayco. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support. We hope you enjoy working with them as much as we do.

Jayco proudly sponsors Tread Lightly!, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

From RV insurance to extended warranties, JayPlus has it covered. Ask your Jayco dealer about our exclusive JayPlus program today.

Travel worry-free with Jayco's Customer First Roadside Assistance program, yours at no cost during the first year of ownership. This program is offered through Coach-Net, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

As a Jayco owner, you can be part of the Jayco Jafari International Travel Club. Ask your dealer about the Jafari "flight" in your area, write Jayco or visit our website.

**Gross Vehicle Weight Rating (GVWR):** The maximum permissible weight of the motor coach, including the Unloaded Vehicle Weight (UVW) plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the Cargo Carrying Capacity.

**Gross Combined Weight Rating (GCWR):** The maximum allowable combined

weight of the motor coach used as a tow vehicle and the attached towed vehicle.

It is important for your safety and enjoyment that you are aware of the weights and tow ratings of the RV you select. Consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your RV before heading out on the roadways. When you tow a vehicle with your RV, you must

drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. Refer to that label to verify the vehicle will meet your requirements. See specification chart inside.
