102" WIDEBODY CONSTRUCTION, BECAUSE SIZE MATTERS

The new SRS series has been designed to make every aspect of your trip more comfortable. Every SRS model features triple axles, 40 gallon fuel station, 18 gallon generator fuel tank, a beaver tailed ramp entry, and a built in Generac generator. The living area comes with our new upgraded SRS furniture package, pro audio sound, and a full size HD LCD TV with DVD player. Kitchens benefit from designer solid surface counter tops, extra large refrigerators, and a pull out spray

nozzle for your convenience, while the bathrooms have large changing areas along with a new radius glass shower. On the outside you'll find high gloss gel coated sidewalls, radical new front and rear caps, LED running lights, and monster sized basement storage on the fifth wheel models. Check out the new SRS series from Sandstorm. You'll be surprised at everything we've packed into this mid priced toy hauler.

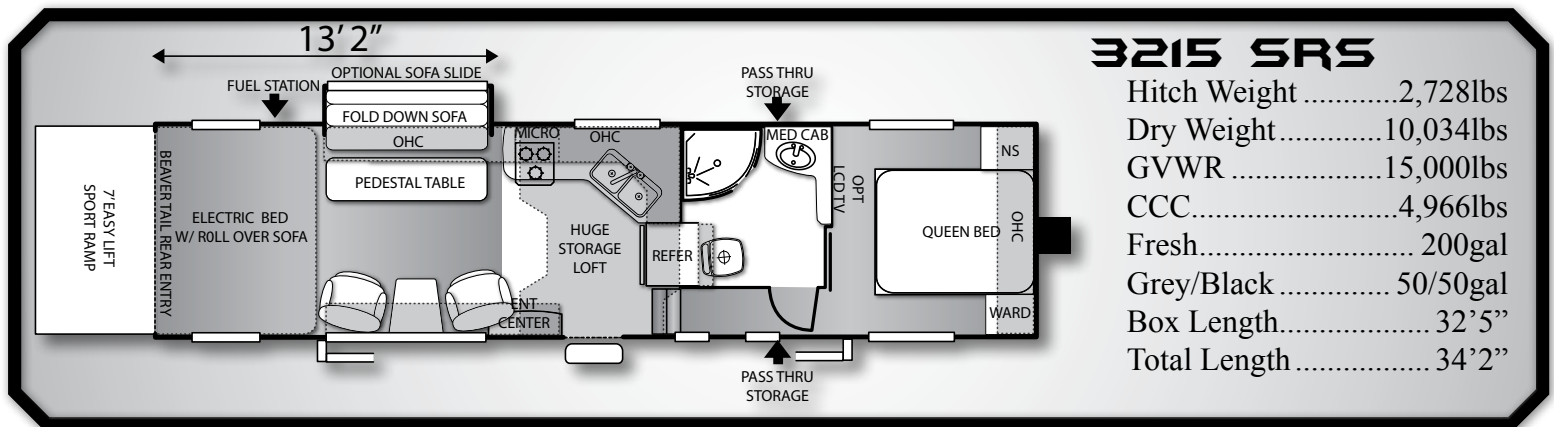

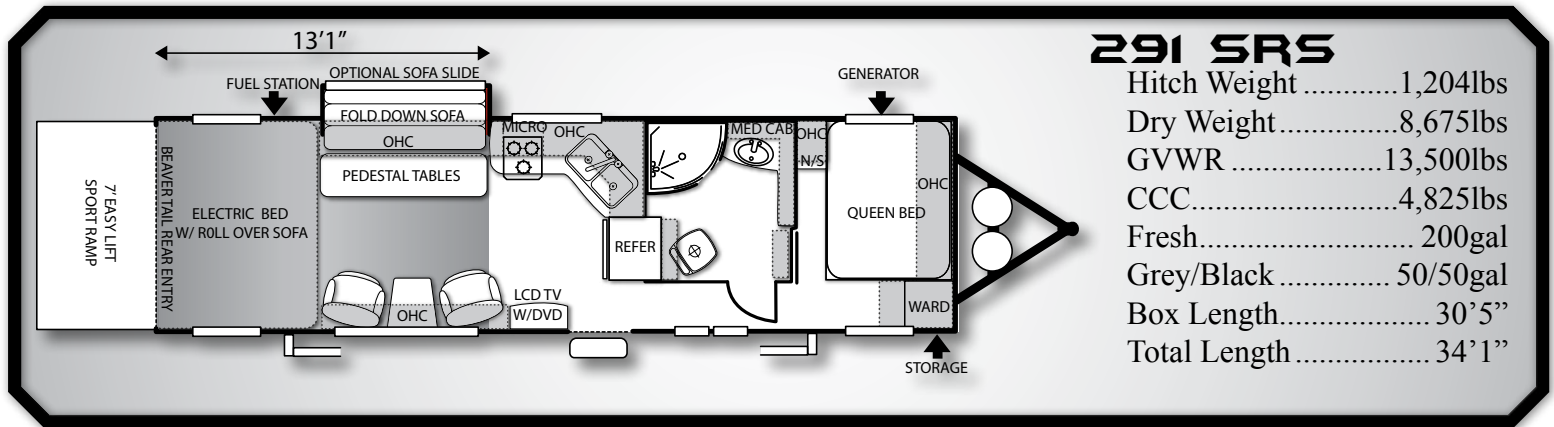

SRS kitchens are well equipped for even the fussiest chefs. We start with upgraded distressed cherry cabinetry, solid surface counter tops with stainless steel sinks and a pull out sprayer faucet and matching sink covers. Then we increase the kitchen's appeal by adding

additional pantry or overhead cabinet storage and solid wood drawers with heavy duty full length roller guides. SRS kitchen appliances consist of a gourmet cook top with cover, convection microwave oven and an extra large refrigerator.

The SRS Furniture package includes custom high back chairs and upgraded sofas with heavy duty padding and a new custom look for the new model year.

A Berkshire Hathaway company.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!
