Grey Tank	62	62
Black Tank	40	40
Fresh Tank	100	100
Fuel Tank	150	150
LP Tank* (gal.)	39	39

*Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

**All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

***Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.
