Extreme Weather Protection

Our Extreme Weather Protection Package is built into every Canyon Trail we sell, so you can enjoy true four-season camping in your new Fifth Wheel or Travel Trailer.

Roof: R-28

- Fiberglass batts, continuous triple layer vapor barrier, attic vents, and radiant reflective film for up to R-28 depending on outside temperature

Walls: R-14

- 2 lb. density polystyrene in composite sidewalls; endwalls w/fiberglass batts

Floor: R-32

- Fiberglass batt insulation in floor cavity, double ply vapor barrier w/97% reflectivity, R-32 heated holding tank area, fully enclosed heated basement, tanks & dump valves

- R-14 thermal foil under bath & bedroom floor decks, exclusive insulated R-14 frame rails to reduce thermal conduction
