YOUR LAMINATED WORLD...

Strength, Durability & Comfort BEYOND COMPARE!

The combination of these three systems bring you the Strongest and Lightest construction available while also providing unparalleled noise reduction, thermal insulation and durability. Protecting your investment is important to HEARTLAND. Laminated construction provides that protection in addition to offering peace of mind that you will be spending more time enjoying your family and travels than worrying about repairing your RV.

STUNNING FRONT CAP DESIGN
The fiberglass front cap for the SUNDANCE is all new with sleek radiuses and design lines flowing through it. The Patent Pending turning radius design is perfect for short-bed, extended-cab trucks!

MORE HOT WATER:

So many RVs are equipped with basic 6 or 10 gallon hot water heaters and that's all you get. SUNDANCE features a Quick Recovery system that can heat up to 18 gallons per hour making the difference between just getting wet and enjoying a hot shower. Additionally our water heater is significantly lighter than others and there is no anode rod to replace saving you time, weight and money.

18 GALLONS PER HOUR

Hide-A-Bed Sofa Sets up and stores in seconds.

Flex-Foil Insulation:

An incredible insulated blanket of double, flex-foil insulation is laid the full length of the underbelly and the bedroom/bathroom deck of the coach to provide maximum energy efficiency.

AM/FM CD/DVD MP3 Stereo with one touch speaker control for outdoor, bedroom or living areas. Control the stereo from your Bluetooth enabled smart phone, stream music from your smart phone and even place or receive calls through the Wireless Link system.

2° of Slope assists in removal of any sediment buildup when emptying the black tank.

Heartland Recreational Vehicles
 1001 All-Pro Drive • Elkhart, IN 46514 • 574-262-5992

Community. Convenience. Close-to-home.

Where you purchase your recreational vehicle is ultimately your decision but Heartland urges you to consider buying at your local dealer. Dealers are part of your community, providing jobs and contributing to your local economy. These dealers are under obligation to provide warranty service for products they sell, but are not legally required to service products purchased from other dealers. At some point, you may need to return to the dealer you buy from - why not stay close to home? After all, home is where your Heartland is!

BENEFITS OF PURCHASING YOUR RV LOCALLY:

- You enjoy valuable relationship building with Dealer Representatives, close to your home, who will explain the features and benefits of the product.
- You receive a full product orientation prior to delivery, which includes hands-on directions for many of the coach's systems and functions. You are also introduced to the Dealership's Service/Parts/Warranty personnel who are at the ready to help you with any issues you may encounter, now and in the future.
- You enjoy customer PRIORITY. Dealerships generally service their purchasing customers first - others may experience long delays and miss opportunities to use their RV. What is it worth for you to have a dealership's full attention and motivation to satisfy you when you need service - in a timely manner?
- Valuable TAX dollars and jobs stay in YOUR community which pays for your roads, schools, police and fire departments.

DON'T UNDERESTIMATE CUSTOMER SERVICE AND PERSONAL CARE!

For Canadian Residents: If you purchase an RV out-of-country, there are additional fees, taxes and inspections that must be met before bringing your product home. Your local Canadian dealers are experts in these provisions.
