

Forza

Why Forza?

- Two impressive floorplans
- Radio/Rearview Monitor System with 6" color touch screen
- LED ceiling lighting
- MCD blackout shades
- Powered visor shade (front windshield)
- Flex Bed System with bunk beds (38R)
- Home theater sound bar and CD/DVD player
- Soft vinyl ceilings
- Polished Corian® countertops with decorative backplash
- Powered patio awning

On the cover: 34T Graystone Full-Body Paint

34T Fracture with Coffee-Glazed Honey Cherry Cabinetry

Go Forward

It is time to go diesel with the all-new, pleasantly-priced Winnebago Forza.™ The Freightliner® XCS straight-rail chassis provides a solid foundation with a Cummins® 340-hp diesel engine and Allison® six-speed transmission delivering the power. Diesel-pushers are known for storage and the Forza ups the ante with its Smart Storage™ design

that pushes capacity even further. Inside, you will appreciate fine amenities such as polished Corian® galley countertops, coffee-glazed cabinetry, upscale entertainment features, and LED lighting. Take a stroll through the 34T and 38R and you will already be planning your first adventure in your new Winnebago Forza.

Recognized Quality The RV Dealers Association bestows its annual Quality Circle Award based on dealer ratings to the manufacturers that provide exceptional products, service and support. Only one manufacturer has received this honor for seventeen consecutive years: Winnebago Industries®

Best in Class

See how Winnebago Industries takes motorhome design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motorhomes.®

Click on this icon throughout the brochure to link to more information on the web.

The multi-functional **inTable™** does it all; a coffee table or counter extension, end table, or flexible dining for six.

Keep your clothes fresh and clean wherever you are with the **Available Washer and Dryer**.

The available **+Lounger** passenger seat with a built-in workstation reclines for comfort when you are parked.

Important gauges, switches and controls are all centrally located in the **OnePlace® Systems Center**.

34T Fracture with Coffee-Glazed Honey Cherry Cabinetry

With its soft leatherette furniture, home theater sound bar system, DVD player, and an optional fireplace, the Forza lounge offers the perfect place for lazy afternoon reading or lively nighttime entertaining. You'll enjoy the relaxing ambiance created by the LED ceiling lights and soft vinyl ceiling along with the MCD blackout roller shades and tinted, dual-glazed, thermo-insulated coach windows.

Full-Extension Drawers

Refrigerator

Galley Storage Cabinet

Get ready to cook in the finely-appointed galley. Amenities include a microwave/convection oven with a range fan, a 3-burner range top, a 2-door residential refrigerator with an icemaker, and extensive storage. Considerable preparation space and elegance is showcased by the tasteful Corian® countertops, sink covers, and decorative backsplash. Customize your galley with your preferred choice of attractive cabinet finishes, including Coffee-Glazed Honey Cherry, or Coffee-Glazed Forest Cherry.

34T inTable™

The 38R comes standard with a leatherette dinette and seating for four. The 34T, shown here, features the extendable inLounge™ sofa with the movable inTable that flips up to provide dining for six. At the end of the meal, roll the inTable back into the utility cabinet with additional storage.

34T inTable Storage

34T Bedroom

A perfect night's sleep is one adjustment away with the available Ideal Rest® Nouveau digital comfort control mattress. You'll appreciate the walk-around queen bed, an HDTV, and abundant storage that allows for the necessities as well as a few extras. A spacious master bathroom, equipped with an available washer and dryer, completes the 38R.

34T Bedroom Wardrobe

34T Bathroom

Shower

Dash

With Winnebago Industries® signature quality, the Forza cab offers all the luxuries of a top-of-the-line motorhome. Leatherette cab seats offer stylish comfort while on the road and swivel to face the lounge when parked. Other features include power mirrors with sideview cameras, a powered MCD visor shade, a color rearview camera, and much more.

Cab Seats

Available Sirius XM™

Powered Patio and Entrance Awnings

From the powered patio awning to the exterior service center, the Forza makes setup easy so you can spend more time relaxing. When you want an outdoor connection to your media devices, simply access power in the exterior entertainment compartment (a TV antenna and 3-way A/V receptacles are included). With spacious exterior lighted storage compartments, it is easier than ever to load and unload your gear.

LED Awning Lighting

Exterior Service Center

Fiberglass Roof

The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Thermo-Panel® Sidewalls

By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Laser-Cut Tubing Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

SUPER STRUCTURE®

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago Industries'® legendary SuperStructure® construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS At Winnebago Industries, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

Warranty⁷

12-month/15,000-mile basic limited warranty⁸
 36-month/36,000-mile limited warranty on structure⁸
 10-year limited parts-and-labor warranty on roof skin⁸

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- Floorplans feature a wide-body design - over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (WC). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- See separate chassis warranty.
- See your dealer for complete warranty information.

Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.

Grand National Rally

In 1969, two things happened: Neil Armstrong took mankind's first steps on the moon, and Winnebago Industries' WIT Club launched its first Grand National Rally in Forest City, Iowa. Every year since then, thousands of rally-goers connect with old friends to enjoy concerts, tours, activities, and more. Blast off for an adventurous week in July to celebrate 45 years of interstate land roving at the 2014 "Out of This World" Grand National Rally. It's a mission you'll never forget!
