2014 GREYHAWK | MOTORHOMES BY JAYCO

GREYHAWK

WE PACKED EVERY COMFORT,
SO YOU WON'T HAVE TO.

The 2014 Jayco Greyhawk is ahead of its class. Loaded with more high-end features, like an industry-first JRide Ride and Handling Package,* solid-surface countertops and a Denver Mattress, Greyhawk delivers the best Class C value so you can ride *coach* in *first-class* style.

* Optional

DESIGNED FOR YOUR JOURNEY

305 HP TRITON ENGINE

ENGINE

Greyhawk combines a robust 6.8L EFI V-10 305 HP Triton engine with a Ford E-450 chassis for precise handling.

THIRD BRAKE LIGHT

SAFETY

Great design starts with great priorities — like your safety. Greyhawk comes equipped with side-view cameras* and a third brake light for added safety.

Maneuver the roads in comfort thanks to 6-way power in the driver seat.

LAP BELTS

LAP BELTS

Jayco's focus on safety doesn't stop with an extra brake light. We build lap belts into every seating position to protect your family.

IN-DASH INFOTAINMENT

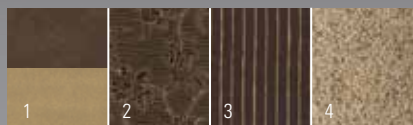

TECHNOLOGY

A 6.5" touch-screen display* features back-up views, built-in GPS and entertainment for the road.

SELECT GREYHAWK MODELS

Superior construction meets a superior ride.

* See warranty policy for front cap details.

** The JRide package is optional on Greyhawk.

WALL CONSTRUCTION

- 1 Vacuum bonded:** Features laminated layers of high-gloss fiberglass, lauan, aluminum framing, R-7 bead-foam insulation and vinyl paneling
- 2 Fiberglass front and rear cap:** Boasts an industry-best 30-month warranty (covers repair or replacement of any defective cap 30 months after manufacture date)*
- 3 Frameless windows:** An industry-first on Class C motorhomes

FLOOR CONSTRUCTION

- 4 Vacuum bonded:** Features laminated layers of Darco underbelly lauan, a welded aluminum frame, R-9 bead-foam insulation and 5/8" Structurwood
- 5 Welded aluminum frame:** Lighter and more corrosion-resistant than competing steel frames, provides more cargo capacity

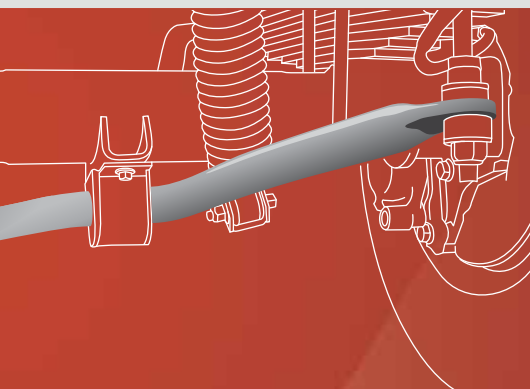

ROOF CONSTRUCTION

- 6 Vacuum-bonded layers:** Features laminated layers of 5" arched aluminum trusses, moisture-resistant 1/4" plywood decking, R-23 bead-foam insulation and hardboard ceiling
- 7 Seamless one-piece rubber roof:** Features one-piece construction for better leak protection

JRIDE**

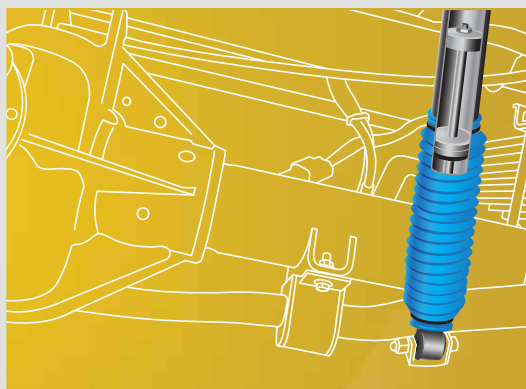

RIDE AND HANDLING. DEFINED.

JAYCO.COM/JRIDE

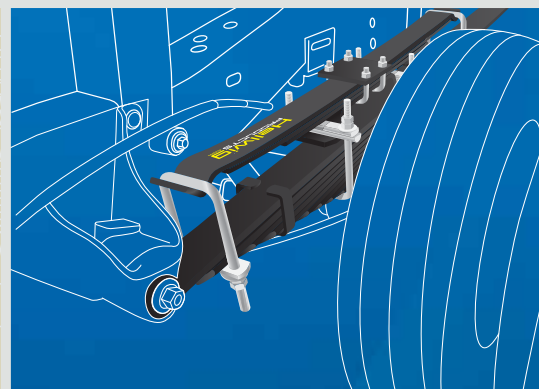

STABILIZER BAR

- 8** Greyhawk's rear stabilizer bar raises and lowers each side of the unit to similar heights, reducing roll when cornering. No other Class C is equipped with this.

BILSTEIN SHOCKS

- 9** Bilstein shock absorbers, not found on other Class Cs, reduce bounce and eliminate excessive sway. A unique monotube design doesn't trap heat, reducing shock failure.

HELLWIG HELPER SPRINGS

- 10** Fluctuating loads impact alignment, reduce traction and diminish handling. Hellwig helper springs correct this, compressing under loads to level out your RV.

STANDARDS AND OPTIONS

Gross Vehicle Weight Rating (GVWR): The maximum permissible weight of the motorhome, including the Unloaded Vehicle Weight (UVW) plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the Cargo Carrying Capacity.

Gross Combined Weight Rating (GCWR): The maximum allowable combined weight of the motorhome used as a tow vehicle and the attached towed vehicle.

It is important for your safety and enjoyment that you are aware of the weights and tow ratings of the RV you select. Consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your RV

before heading out on the roadways. When you tow a vehicle with your RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. Refer to that label to verify the vehicle will meet your requirements. See specifications chart above.

2-YEAR WARRANTY*

Peace of mind comes standard.

Generations of family fun.

THE JAYCO STORY BEGAN IN 1968 WITH OUR FAMILY—THE BONTRAGERS. Lloyd Bontrager created an innovative, easy-to-use lifter system that led to a better fold-down camper. Loaded with more conveniences, he believed his camper would bring families closer together.

Since then, Jayco has helped generation after generation create family stories — good, old-fashioned family fun built around campfires with a Jayco RV nearby. At Jayco, we strive to build family-friendly products that will outlast just about everything but your memories. We'd love nothing more than to be a part of your family story. Join us in our generations of family fun.
