

# WOLF PACK

WOLF PACK

LEAD THE PACK.

Wolf Pack offers several floor plans to accommodate the active lifestyle. Each Wolf Pack also has a wide range of standard features and options to meet the various needs of our Toy Hauler customers. You will find enough storage to take along everything you need for a long weekend in the woods or at the track in every coach we build.

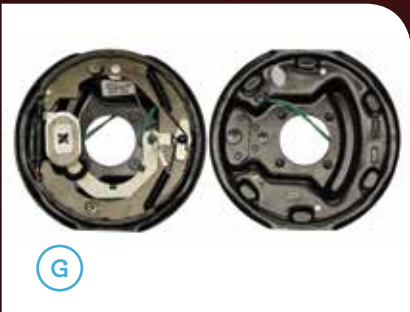

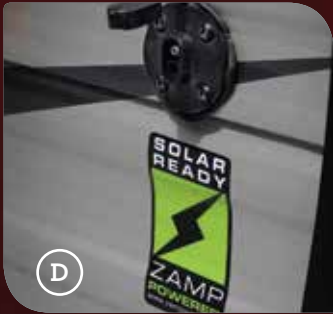

The spacious 28WP floor plan has a separate living area that has enough space to entertain family and friends or covert into a comfortable sleeping area. Shown here with the optional LED interior lighting package makes the Wolf Pack not only functional but stylish (left).

## 28WP

IN EARTH TAN

A large kitchen makes preparing meals a breeze and abundant cabinet storage gives plenty of room to take all the supplies you will need. The back storage room can carry all your gear and when you arrive at your camp can be converted into another sleeping area with optional power beds.

- A** Wolf Pack's Power Awning, found in our optional Limited Package, provides an easy way to shade the exterior patio area with just a push of a button.
- B** The large, optional exterior scare light gives you a sense of security by illuminating the door and patio area.
- C** The elegant, LED strip lighting under the awning rail is offered in the Limited Package. This beautiful accent lighting provides a warm and inviting glow to your patio area.
- D** Wolf Pack's Solar Prep, found in our optional Limited Package, lets you take advantage of the sunlight. Wired to accommodate most solar panels, you can give your unit an extra boost while saving on electricity.
- E** The keyless entry provided in the optional Limited Package, gives you the convenience of leaving your keys while you and your family explore the wilderness.
- F** The heavy duty tongue jack found in the optional Limited Package provides you an easy way to load your trailer with a push of a button.
- G** The self-adjusting brakes and quick super lube axles are two superior features found in the optional Limited Package. These features give you added safety and convenience while enjoying your trailer.
- H** The radial tires also found in the optional Limited Package provide a smooth ride as you head out on your outdoor excursion.

**[ RIGHT ]** Wolf Pack trailers offer plenty of storage and can accommodate rear power beds or sofas. The 28WP, shown here has two entry doors one for the living area and one for the toy storage area.

## JUST A FEW OF THE FEATURES YOU'LL LOVE

**J** Large single bowl sinks add style and function offering plenty of room to wash dishes making cleanup a breeze.

**K** Our smooth roller glide drawers fully extend to make access easy. Each Wolf Pack also includes solid wood drawers. No cheap particle board that will peel back and warp over time.

**L** Each Wolf Pack is designed with storage in mind. The 28WP floor plan offers a separate room for storage. Like many of our floor plans, this design makes it possible to store outside toys away from your living area. Many Wolf pack storage areas can be converted from storage to living space with features like drop down power beds, rear screen rooms, and patio deck enclosure systems.

**M** Large bathroom sink with large vanity mirror. While many of our competitors like to offer small sinks and small mirrors glued to the wall at Wolf Pack we feel storage, style and space matters.

# CAUTION IS OVER-RATED. LIVE LIFE ON THE EDGE

NEVER FOLLOW. LEAD THE PACK

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

## PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.
