

CAMBRIA

Why Cambria?

- Ultraleather™ furniture
- LED lighting
- MCD blackout roller shades
- Powered patio awning with metal wrap and LED lighting
- Corian® countertops
- Home Theater Sound System
- Lounge and bedroom HDTVs
- Generous wardrobe storage

ON THE COVER: 27K Palomino Full-Body Paint

27K Falling Star with Coffee-Glazed Vienna Maple Cabinetry

HAVE IT ALL IN A CLASS C COACH

The Itasca Cambria® proudly offers touring coach comfort in an easy-to-drive Class C package. Designed for those with discerning tastes, the Cambria fills your life with features you desire: Corian® countertops with available mosaic tile in the galley, MCD blackout roller shades, and an available Infotainment Center with Rand

McNally RV GPS. Both the double-slideout 27K and the new triple-slideout 30J offer the additional luxury of a large, rear storage trunk with multiple access points to let you carry more of what's important to you. Don't settle for less than what you desire in a Class C motorhome. Have it all in the Itasca Cambria.

RECOGNIZED QUALITY The RV Dealers Association bestows its annual Quality Circle Award based on dealer ratings to manufacturers that provide exceptional products, service and support. Only one manufacturer has received this award for seventeen consecutive years: Winnebago Industries®.

BEST IN CLASS

See how Winnebago Industries takes motorhome design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motorhomes.®

Click on this icon throughout the brochure to link to more information on the web.

The available **Comfort Sofa Sleeper** quickly and easily converts from a sofa into a bed with a self-inflating mattress that automatically adjusts to maintain your desired firmness level.

Full-Extension Drawer Slides make it easy to open drawers wide and maximize their storage space.

Expand your living space with **Swivel Cab Seats** that turn to face the lounge (standard 27K, available 30J).

Adjust your preferred light and privacy settings with the available smooth-operating **MCD Solar/Blackout Roller Shades** (MCD blackout roller shades come standard).

The available **Rest Easy® Multi-Position Lounge** glides from sofa to lounger to a comfortable bed at the touch of a button. The removable pedestal table creates a comfortable dining area and easily stows away when not in use (27K).

The **OnePlace® Systems Center** lets you monitor and control key systems from one convenient location.

27K Falling Star with Coffee-Glazed Vienna Maple Cabinetry

You'll feel right at home in the Cambria's lounge, which features LED ceiling lights, MCD blackout roller shades, and a front overhead entertainment center with a 26" HDTV, surround sound and a DVD player. You can choose the newly available Contour windows that offer a superior seal and reduced wind noise. The standard 4,000-watt Cummins Onan® generator provides the power you need, even when not connected to a shoreline source.

Available Skylight/Air Vent With Built-In Sliding Screen and Shade

Making meals and preparing snacks is an enjoyable experience with the many kitchen amenities you've come to expect. The Cambria galley includes a 3-burner range top with storage below, microwave oven, refrigerator/freezer, Corian countertops, and an abundance of prep and storage space. The available interior upgrade package includes a mosaic backsplash, Corian range and sink covers, a stainless steel microwave/convection oven, and a raised panel stile-and-rail refrigerator door insert.

27K Bedroom

At the end of the day you'll appreciate winding down in the bedroom with its walk-around queen bed and 22" HDTV. For even more comfort, you can upgrade to the Ideal Rest® Nouveau digital control mattress with remotes. The large slideout wardrobe with drawers and two nightstands provide plenty of space to stow your belongings. And, with the available 1,000-watt DC/AC inverter, you have convenient power to connect a CPAP/BPAP machine to the bedroom outlet, even when shoreline power is unavailable.

27K Bath

Dash

Driving to your destination will be even more enjoyable in the Ultraleather™ cab seats with a six-way power pedestal you can adjust to the ideal driving position. An available Infotainment Center with Rand McNally RV GPS delivers turn-by-turn navigation along with a CD player, MP3 input and more. A rearview monitor incorporated into the touch screen radio makes piloting your motorhome safer and easier.

Powered Mirrors

Cab Seats

Relax under the powered patio awning with LED lighting during sunny afternoons, and spend your evenings with the available exterior entertainment center, complete with an AM/FM stereo, CD player, TV jack and removable TV table—all within a lockable compartment. A lowered entrance step makes it easier to enter and exit your Cambria.

Powered Patio Awning with LED Lighting

Powered Patio Awning with LED Lighting

Exterior Storage with Folding Table

Available Stylized Aluminum Wheels

Fiberglass Roof

The crowned, one-piece fiberglass roof is backed by a 10-year parts-and-labor roof skin warranty.

Rubber Can't Cut It

Rubber roofs used by competitors can streak and degrade over time.

Thermo-Panel® Sidewalls

By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

Embedded Steel

Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

E-Coating

An electrodeposition coating helps protect critical steel components.

Laser-Cut Tubing

Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints

Specially engineered interlocking joints connect the floor, sidewalls, and roof where competitors often rely on simple screws to bear the weight.

Solid Framework

Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

SUPER STRUCTURE®

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel pusher model—is built to Winnebago Industries'® legendary SuperStructure® construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS At Winnebago Industries, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**
BUILT TO LAST

Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago Industries motorhome.

TAKE A TOUR We're proud of our processes, state-of-the-art facilities, and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motorhome we build.

Warranty⁶

12-month/15,000-mile basic warranty⁷
 36-month/36,000-mile limited warranty on structure⁷
 10-year limited parts-and-labor warranty on roof skin⁷

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
 - The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
 - Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
 - Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
 - Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
 - See separate chassis warranty.
 - See your dealer for complete warranty information.
- Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
