LEVEL UP™

At the touch of a button, this 6-Point Fully Automatic Leveling System's aluminum jacks extend and retract much quicker than electric jacks.

This electronic leveling control panel provides a one-touch auto-level feature. When it's time to depart, auto re-hitch memory restores the coach to the unhooked position. To retract, scroll to auto retract, press "enter" and in 20 seconds you're ready to hit the road.

This Fantastic vent fan with a motorized lid is controlled from a convenient wall panel.

At **Dynamax** reaching a higher standard is not an option, it's a tradition.

Rock Solid FROM THE INSIDE – OUT

Experience the Dynamax difference – Trilogy's construction integrity is durable by design inside and out. Our foundation for success goes beyond what meets the eye – starting with full double welded aluminum frame construction. Trilogy is engineered to exceed expectations, enhance your living experience, and is built to last.
