The FR3 crossover motorhome combines the best features, family friendly livability and affordability of an easy to drive Class C motorhome with the space, convenience and styling of a Class A motorhome.

The FR3 crossover motorhome offers flush floor construction for a smooth transition from the cab to the living area. No need to bring and store a vacuum cleaner as the upgraded IVC flooring extends from the bedroom to the cockpit. Driver and passenger seats have the ability to become part of the entertainment rooms with an easy swivel. Radius ceilings throughout the coach increase headroom for a more open, relaxed living space. Contemporary furnishings and deep 32" sliderooms with attractive woodgrain enhance the residential appeal. Upgraded LED interior lighting throughout extends the life of your battery substantially.

The FR3 crossover motorhome has a large closet/pantry at the entry door, also you will find the 12 volt AM/FM/CD/DVD/Bluetooth/USB media center that can stream music from a smart phone or bluetooth capable device indoors or out. The kitchen includes a deep double bowl stainless steel sink, microwave, 3-burner cooktop and a large oven. Oversized dinette seating and windows offer an excellent view with side windows in the deep slideout for cross-ventilation.

The FR3 crossover motorhome features a well-lit bedroom with a large rear window for plenty of natural light and a reading light over the **King**-sized bed [72" x 80" residential bed].
