# Sanibel

by PRIME TIME Mfg.

## INTELLIGENT.

» **in-tel-li-gent**, adj. smart; clever; sensible or rational; showing or resulting from an ability to think and understand things clearly and logically.

*Prime Time Manufacturing is proud to offer Sanibel – a luxury fifth wheel built to stand unequivocally on its own with a level of intelligence that far exceeds the status quo. Our objective for Sanibel is simple: to outperform by every measure and to invoke an experience that anticipates and satisfies your every need with thoughtful and intelligent design. From its well designed, spacious interior, to its modern amenities and extra creature comforts, the Sanibel is your home away from home.*

*Within minutes of entering, Sanibel can transform you. The interior is crafted around comfort, sight, and convenience. Modern cabinetry, residential appointments, and rich textures create a sophisticated space of warmth and elegance. Fabrics are specially treated to provide the softest touch and breath-ability for comfort in heat or cold. Every element of Sanibel will create a personal connection with the user that focuses on enjoyment and satisfaction.*

S

# LIVING ROOM.

## *The Intelligent Lighting Package*

» When choosing lighting for Sanibel, we took the same uncompromising approach to intelligent design. For instance, the "Stay Cool" LED lights found at the critical seating areas offer both a stunning presence and smarter thinking. Along with lower energy consumption and longer life, the LEDs emit significantly less heat helping to maximize your comfort both day and night.

S

# KITCHEN.

» *in-tel-li-gent*, adj. smart; clever; sensible or rational; showing or resulting from an ability to think and understand things clearly and logically.

» (Above) The Sanibel 3701 Pantry

» (Left) The Sanibel 3701 features a 20 Cubic Foot residential refrigerator powered by a 800 watt inverter.

## *The Intelligent Kitchen!*

*The Intelligent Kitchen is symbolic of the genius behind Sanibel's inspiration. Work spaces and storage areas have been carefully designed and positioned for instinctive reach and use. Premium components have been selected for long term durability. An advanced appliance package will indulge your residential desires while brilliant cabinet doors and drawers made from Native American Cherry Wood will welcome you with handsome looks. The Intelligent Kitchen, like each and every detail of the Sanibel, has been examined and questioned to ultimately provide a single result – the highest level of owner satisfaction.*

# BEDROOM.

» *in-tel-li-gent*, adj. smart; clever; sensible or rational; showing or resulting from an ability to think and understand things clearly and logically.

» All bedrooms are NOT created equal. LED lights, "Quiet Cool" ducted air conditioning, and extra storage details, make the Sanibel bedroom Intelligent.

## *The Intelligent Bedroom!*

*The expansive interior of the Sanibel was astutely designed to adapt its volume to your needs. A quick examination under the king size bed will expose a massive storage area that is up to 300% larger. Shoe storage in the wardrobe, six large vanity drawers, and multiple overhead cabinets are additional examples of intelligent space utilization. However, the creation of space was also a priority with Sanibel. That's why you will find extra "convenience inches" in the bed slide and large "hidden" drawers recessed into the front wall. Our designers even added radius corners to the Ever Pedic pillow top mattress to assist in traffic flow.*

- » 40,000 BTU Furnace

» Sanibel extends intelligent design to all parts of the fifth wheel including how the holding tanks are heated. Each tank is equipped with oversized ① 12 Volt heating pads for direct heat application. Every tank is then wrapped with ② Radiant Shield Technology (R-38) to help spread the heat over the tank surface while protecting it from cold exterior temperatures. This intelligent design ensures that ALL of your holding tanks are adequately protected while also ensuring that ALL of the heat from your furnace stays INSIDE your Sanibel to maximize your comfort. Unlike forced air applications, customers also appreciate that you can activate the heat pads during transit for additional protection.

**FROG™ the Forest  
River Owners' Group!**

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!
