## Buy Local

Where you purchase your recreational vehicle is ultimately your decision but CrossRoads urges you to consider buying at your local dealer. Dealers are part of your community, providing jobs and contributing to your local economy. These dealers are under obligation to provide warranty service for products they sell, but are not legally required to service products purchased from other dealers. You enjoy customer priority. Dealerships generally service their purchasing customers first, others may experience long delays and miss opportunities to use their RV. What is it worth for you to have a dealership's full attention and motivation to satisfy you when you need service in a timely manner? Why not stay close to home?
