RIGHT FEATURES! RIGHT PRICE!

LUXURY COMES STANDARD | WWW.KEYSTONERV.COM/HIDEOUT

When Cole Davis founded Keystone RV in 1996 his vision was clear: Build a quality RV loaded with features priced thousands less than other RVs on the market. To accomplish his goal, Cole would recruit and build a strong team, focus on keeping overhead low, and empower the people closest to the customer to make decisions. Within a few short months after opening the doors, Keystone produced its very first camper. Delivering big on quality, features and value.

As customers appetite skyrocketed, new Keystone models were added to satisfy growing customer demand. Along with this tremendous growth came the need for expanded production. To meet this need, more manufacturing plants were built and staffed. By the beginning of 2000, Keystone was leading the industry in fifth wheel and trailer sales. Today, Keystone RV Company has grown to encompass over 1 million square feet of manufacturing space with facilities in Goshen, Indiana and Pendleton, Oregon. While Keystone is no longer the small "start up" we once were, our mission has remained true to Cole's vision—"Do the job right and make sure we deliver a quality product every time."

RIGHT NOW is the right time for anyone to enjoy camping in a Keystone Hideout Travel Trailer or Fifth Wheel.

With a wide range of floorplans that appeal to any size family, Hideout offers the perfect combination of luxury, features and camping convenience-all at the RIGHT PRICE.

Aside from having eye catching exterior appeal and beautiful interior decors, Hideout also provides award winning quality and exactly the RIGHT FEATURES to make your camping experience comfortable, convenient and trouble free.

You will find that Keystone Hideout truly is the best value in its category-with the RIGHT FEATURES and the RIGHT PRICE all RIGHT NOW.

When Cole Davis founded Keystone RV in 1996 his vision was clear: Build a quality RV loaded with features priced thousands less than other RVs on the market. To accomplish his goal, Cole would recruit and build a strong team, focus on keeping overhead low, and empower the people closest to the customer to make decisions. Within a few short months after opening the doors, Keystone produced its very first camper. Delivering big on quality, features and value.

As customers appetite skyrocketed, new Keystone models were added to satisfy growing customer demand. Along with this tremendous growth came the need for expanded production. To meet this need, more manufacturing plants were built and staffed. By the beginning of 2000, Keystone was leading the industry in fifth wheel and trailer sales. Today, Keystone RV Company has grown to encompass over 1 million square feet of manufacturing space with facilities in Goshen, Indiana and Pendleton, Oregon. While Keystone is no longer the small "start up" we once were, our mission has remained true to Cole's vision—"Do the job right and make sure we deliver a quality product every time."

In 2006, Keystone Hideout made a strategic move that today benefits Hideout customers. Experiencing "phenomenal success" in the aluminum-skinned travel trailer market, the Hideout brand added production capabilities in Pendleton Oregon in addition to its existing production capabilities in Goshen, Indiana.

Oregon production gives West
Coast buyers an extreme
price advantage over products produced in Indiana due
to decreased freight costs.
The Pendleton plant also enables the Hideout team to offer
a trailer that is "Built in the west
for the west"

What do we mean by "Built in the west for the west"? The Western Edition Hideout is geared to the specific needs of the west, where camping is done year round and primarily without the luxury of full hook ups to sewer, water, and electricity regularly found in campgrounds in the Midwest and the east. The Western Edition Hideout models are generally, smaller, lighter, and carry more robust features such as added insulation, larger holding tank capacities, larger propane capacity, more interior and exterior storage, and are currently prewired for solar, and satellite. We hope that you enjoy our affordable west coast floor plans, added features, and ease of towability with the Western Edition Hideout.
