It's the fine details that separate luxury from the status quo. We go out of our way to appoint our Solitude with amenities that make you feel safe, secure and pampered... more like home. But this isn't just a "home away from home" this IS home!

All Solitude floor plans provide gloriously spacious and comfortable eating, sleeping and living areas.

Do you like to entertain visitors? The 368RD floor plan provides seating for up to ten people!

The Rota Flex pin box is a godsend. So easy to use!

The Aluma-Step system is ultra lightweight and yet so sturdy!

Hidden amenities are very important to extended-stay living. The comfortable hide-a-bed sofa and the pull-out entertainment center computer desk deliver with exceptional engineering and flair!

We're spoiled by the Entertainment Center- AM, FM, DVD, Bluetooth and multiple speaker selections!

The Master Suite features a huge King Bed (most models), a roomy walk-in closet with washer/dryer prep, and a large residential dresser. The Master Suite is also prepped for an optional HDTV.

The under-bed storage compartment is completely finished inside. And the retractable ottoman pulls out! It's just the place to sit and dress in the morning.

The Master Bath features a large amber glass vessel sink, an enchanting skylight, a huge Maxi-Shower, a porcelain toilet and a spacious medicine cabinet. We also heat and air condition every bathroom in every Solitude floor plan!

It's truly massive. Our over-sized storage compartments coupled with motorhome-style slam-latch baggage door handles create the perfect combo of spaciousness and easy accessibility.
