# Composites Make the Ever-Lite a Legacy Investment.

This could be the last RV your family will ever have to purchase.

The full-composite Ever-Lite travel trailers are the original flagship brand of the EverGreen fleet of campers. The Ever-Lite, with its groundbreaking composites and exclusive CompositTek™ construction, still remains the only full-composite travel trailer in the RV industry. Knowledgeable and discriminating buyers looking for ultra-durable, longer lasting travel trailers choose the Ever-Lite by EverGreen.

The CompositTek construction process results in an ultra-lightweight, more durable trailer. Ever-Lite is a full 20 percent lighter than conventionally built RVs. With Ever-Lite's reduced weight, you can take it all with you, for an unrivaled camping experience.

And since Ever-Lite composite materials are impervious to moisture, the result is a camper resistant to rot, mold and mildew that usually mark the demise of conventionally built, wood framed campers.

Composites, combined with vacuum lamination processes and water-proof urethane adhesives, make Ever-Lite more durable, with less flexing to maintain structural integrity over the long haul.

EL29KIS

The Ever-Lite EL29KIS floor plan, shown here features an entertainment center that rotates for viewing from the living room area or the bedroom.

EL30RLW

Island kitchen floorplans with facing slide rooms provide an open feel.

# Ever-Lite. Built for a Legacy of Camping.

## Ever-Lite. A sound investment.

Ever-Lite travel trailers provide you and your family the top value for your camping dollar. Ever-Lite owners understand that CompositTek construction adds long lasting value and a lifetime of camping for you and your family. But if the time comes to sell your Ever-Lite, our flagship brand has a proven track record of higher value at resale.

Ever-Lite's high-tech composites are vacuum-laminated to a DuraLite Double welded aluminum structure to form one piece to help eliminate flex and vibration.

## Lighter Weight for Improved Fuel Efficiency

CompositTek construction results in a camper that is 15 to 20 percent lighter than conventionally built brands. This means more miles per gallon and the ability to use lighter tow vehicles such as half-ton pickups, mid or full-sized SUVs. A lighter weight camper means higher payload capacity—your family can take more along for your camping enjoyment.

## Healthier for Your Family and the Environment

Composites throughout your Ever-Lite camper replace glued wood products to reduce out-gassing of Volatile Organic Compounds such as formaldehyde. Your family will breathe easier in an Ever-Lite.

You'll also be doing your part to save our planet. EverGreen's composites replace more than 50 sheets of tropical lauan plywood for every Ever-Lite we build.

**Tasteful fabric valances, day/night window shades, and rich wood trim accents all add to the touch of home.**

**EL232RBS**

**Roomy baths with residential shower and plenty of storage are standard.**

# No one builds a travel trailer like Ever-Lite.

Take the time to compare because there is an “Ever-Lite Difference.” Since we first changed the RV industry with the first all composite travel trailer, we’ve been busy focusing on the innovation front with new manufacturing and material specifications to build a better trailer for your family.

## Construction Features

### Walls

- 1** CompositTek™ inner liner
- 2** Fully welded aluminum frame on all six sides
- 3** High-density, block foam insulation
- 4** CompositTek™ substrate standard
- 5** High-gloss CompositTek™ exterior

### Roof

- 6** CompositTek™ ceiling
- 7** Fully welded, crowned aluminum frame
- 8** High-density, block foam insulation
- 9** Plywood substrate
- 10** Reflective, white TPO roofing

### Floor

- 11** Steel I-beam frame
- 12** Seamless CompositTek™ substrate
- 13** Fully welded aluminum frame
- 14** High-density, block foam insulation
- 15** Seamless CompositTek™ substrate
- 16** Padded “No-Crack” vinyl floor

## DuraLite™ Double Welded Aluminum Structure

Ever-Lite is built on the DuraLite Double Welded Aluminum Structure. It includes six-sided double-welded aluminum frame construction in the walls, roof and floors, with header framing around all doors, windows and baggage door openings. Our strong, durable frame eliminates flexing and DuraLite is superior to wood frame construction used in other travel trailers, which can rot when exposed to water.

## Vacuum Lamination

Ever-Lite is built with vacuum lamination in the walls, roof and floor. Dense, block foam insulation is coated with a water-based urethane adhesive which becomes super bonded under the heat and high pressure of EverGreen's vacuum lamination process. The result is a stronger, yet lighter and more durable coach that's better insulated for all seasons.

## About CompositTek™ Construction

Four times the strength of plywood, CompositTek walls, floor and ceiling panels are far superior to wood materials. Composite materials resist moisture, which can lead to rot, mold and mildew that destroy other travel trailers. Composites also weigh as much as 20 percent less, making the coach lighter and easier to tow. And because CompositTek replaces wood in construction of the Ever-Lite, there are less harmful VOCs such as formaldehyde.

# Standard Features and Optional Packages

## EXTERIOR

- Crown roof with fully laminated, white TPO construction
- Vacuum laminated, welded aluminum sidewalls, roof and floors
- LED exterior lights improve visibility
- Automotive high gloss gel coat exterior with composite substrate
- Aluminum-framed, dark-tinted safety glass windows
- Exterior speakers
- Power stabilizer jacks front and rear
- LCD TV bracket/hookup
- Finished and LED lighted pass-through storage compartments
- Gear-driven four-point slide system
- Frameless automotive style windows
- LED entry step light
- LED awning light strip
- LED front cap light strips

## INTERIOR

- Composite inner shell—floor, ceiling and walls
- Skylight in living area
- LED interior lighting package
- Screwed and glued cabinetry/solid wood doors
- Ceiling crown moldings
- Raised panel interior passage doors
- Wall-mounted interior light switches
- Padded “No Crack” vinyl flooring throughout
- Residential-style upholstered furniture
- Residential-style entertainment center with optional fireplace (most models)
- Barreled and ducted laminated ceiling

## KITCHEN

- Power exhaust range hood with light
- Plywood drawers with full-extension ball bearing guides
- Double-door refrigerator/freezer
- Three-burner range with oven
- Folding range cover
- Full-size composite sink with cover
- Gooseneck spray faucet
- Venetian window blinds
- Microwave

## BEDROOM

- 80-inch innerspring fiber pillow top mattress
- Reading LED indirect lighting above bed
- Lift-up bed with gas struts and storage
- TV prep.

## BATHROOM

- Skylight over shower/tub
- Large medicine cabinet/mirror
- Recessed vanity light
- Full tub/shower surround
- Hand sprayer in shower/tub
- Power exhaust fan
- Glass shower door (NA 318BHS)

## OPTIONAL EQUIPMENT

- 15K BTU Air conditioner
- 50 AMP Service with 2nd AC prep
- 32-inch TV upgrade (all models)
- 50-inch TV upgrade (291RLS, 275FL only)
- Hide-A-bed (n/a on 232RBS & 242RBS)
- Dual pane bonded windows
- Fireplace with remote control (n/a on 30RLW)
- Free standing table and chairs (some models)
- Power tongue jack
- 5 function remote control power package
- 8-cubic foot refrigerator

- Diamond shield clear stone guard
- High-output 10 blade fan in bedroom
- High-output 10 blade fan in bathroom

## UTILITIES

- Satellite/cable hookups
- High-capacity ducted furnace
- Water pump with winterizing inlet
- LP quick disconnect (gas grill ready)
- CO, LP smoke detectors
- Fire extinguisher
- Digital tank monitors
- 55-amp converter with shore line
- Marine-style detachable power cord with LED light
- LP harness with machine-cripped fittings
- Door-side lower receptacle (110-volt)

## EVER-LITE™ VALUE PACKAGE (INCLUDED)

- Fully enclosed, heated underbelly
- Six-side aluminum structure
- AM/FM/CD/DVD with interior/exterior speakers
- 30-pound LP tanks with hard shell cover
- Six-gallon gas/electric water heater with DSI
- Toilet with foot-flush pedal
- Outside shower
- Power awning
- Spare tire and carrier
- Black tank flush
- Swing out grab bar
- Pleated shades
- Fiberglass front cap with LED lights
- 13,500 BTU ducted A/C quick chill function
- Aluminum wheels Improved Clamp Force Technology
- TV/radio antenna

## Check out Ever-Lite's Features and Benefits

- ✓ CompositTek exterior walls, floor, and ceiling uses no plywood or wafer board materials and is waterproof to resist rot, mold or mildew.
- ✓ Composites make the Ever-Lite up to 20% lighter than comparable travel trailers resulting in easier towing, a wider range of tow vehicles, and improved fuel efficiency.
- ✓ DuraLite Double Welded Aluminum Structure cage construction provides the ultimate in durability.
- ✓ Commercial grade TPO roof membrane mechanically vacuum laminated to the roof sheeting requires no maintenance or special dressings.
- ✓ Skylight in living area and full view entry door with glass and screen provide plenty of natural light.
- ✓ Four point gear driven slide system allows the slides to transition smoothly and squarely into place sealing securely all the way around.
- ✓ Deeper 42-inch slide outs mean more space for you to enjoy. The dinettes are completely housed in the slide, creating more space in the living area.
- ✓ Double 30-pound LP tanks mean fewer fill ups. You can do more cooking and heating without worrying about running out of gas.
- ✓ Corian® counter tops with double sink are durable and offer a residential look and utility.
- ✓ Digital tank monitors are far more accurate with a digital monitor and debris won't cause a false reading.
- ✓ More storage capacity with the lightweight design large drawers, wardrobes and a kitchen pantry provide plenty of storage for all the necessities of home.
