FREELANDER EXTERIOR ADVANTAGES

Coachmen's Even Cool™ air conditioning system is ducted through the crowned, vacuum-bonded roof. The system uses AMOCO insulated ductwork with radiused corners to provide maximum cooling efficiency. (most models)

TPO roof membrane – lightweight, durable and easy to maintain.

Azdel SuperLite™ sidewall substrate – lightweight, durable and moisture resistant.

2" thick aluminum cage constructed, color-infused, hi-gloss fiberglass sidewalls. (standard)

Slide room awnings (where applicable) to protect your slide room from debris.

Warehouse exterior storage – more than 100 cu. ft. available. (most models)

Exterior camp kitchen w/table, sink, grill and refrigerator. (optional on 29KS)

<p>Freelanders 50 Gallons</p>	<p>Fresh Water System</p>
<p>Other Brands 41 Gallons</p>	

50 gallons of fresh water – on average 20% more than the competition.

Exterior Entertainment Center w/LCD TV/Stereo/DVD and Speakers. (optional)

Integrated entry step with 80" entry door and auxiliary battery box.

Standard ONAN 4.0kw gas generator gives you 110v power when shoreline power is not available.

Freelanders' one-touch power awning features adjustable arms for ease of use. (Premier Package)

Dash stereo with touch screen control and integrated back-up monitor. (Premier Package)

Free One Year Membership – Coachmen Owners' Association

Coachmen is proud to sponsor the largest manufacturer sponsored camping club in North America ... Coachmen Owners' Association (COA). COA provides a broad breadth of value propositions for our owners including: planned trips/ tours and rallies at bulk rate discounts, free trip routing, free campground directory, free Easy RVing magazine, theme park discounts, fuel discounts, mail forwarding, a dedicated COA web site, local and state club activities and Caravan Chapter membership opportunities. Most importantly, COA enhances the Coachmen ownership and RV lifestyle experience.

Every new Coachmen RV buyer is eligible for a 1 Year FREE membership in the Coachmen Owners' Association. It all adds up to an easy ownership experience!

Travel Easy™ Roadside Assistance

RVing is easier with Coachmen's Travel Easy™ Roadside Assistance provided FREE the first year of ownership to those who purchase a New Coachmen RV. Administered by Coach-Net, this service provides you with 24/7 operational, technical and emergency road service coverage. Also included is towing, fuel delivery, jump starts, lockout service, tire changes, mobile mechanic and unlimited technical assistance. Anywhere. Anytime. Travel Easy™ is the security of knowing that help is an easy phone call away.

GVWR (Gross Vehicle Weight Rating): The maximum permissible weight of the unit, including the unloaded vehicle weight (UVW) plus all fluids, cargo, optional equipment and accessories. For safety and product performance, do not exceed the GVWR. CW (Curb Weight): The weight of the unit without factory or dealer installed options, plus allowance for the weight of full fuel capacity. The "payload capacity" for all other fluids, cargo, occupants, optional equipment, and accessories can be determined by subtracting the CW from the GVWR. GCWR (Gross Combined Weight Rating): The maximum total weight of the loaded unit, plus a tow vehicle. This includes the weight of both the unit and tow vehicle, fuel for each, all other fluids, cargo, occupants, optional equipment and accessories. Wider Widths: Numerous Coachmen floorplans feature the "wide body" design concept, which gives you significantly enhanced interior living space and innovative floorplans. In making your purchase decision, you should be aware that a few states restrict access on some or all roads within the state to vehicle with a maximum 96-inch width, although special road usage permits may be available. Vehicles up to 102-inches in some width are permitted in the vast majority of states. You should confirm the road usage laws in the states of interest to you before making your purchase decision. If width is of concern to you, we invite you to consider the broad array of other Coachmen models offers in the standard 96-inches width. Important Note: All capacities are approximate, and all dimensions are nominal. Coachmen motorhomes are designed to allow for a wide variety of uses, extended trips with two people or short trips with multiple people. Accordingly, each unit allows ample room for sleeping, seating, fluids and cargo. While the customer is the beneficiary of this design, the customer also bears the responsibility to select the proper combination of passengers, cargo, load, and tow vehicle without exceeding the chassis weight capabilities. Consumer may need additional braking capacity to tow loads greater than 1,000 pounds. Seat belts should always be worn for passenger safety. Seat belts are provided at most locations to allow convenience in selecting which seat to occupy. However, it is not intended that all seating positions equipped with a seat belt may be occupied while the vehicle is in motion, without regard to other weight factors. All Coachmen motorhomes are designed to ensure that the number of passengers allowed while the vehicle is in motion will always at least equal the stated sleeping capacity. Though extra seat belts may be provided, for your safety and the proper operation of your vehicle, limit your passengers to the number allowed by the Net Carrying Capacity of your vehicle.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!
