SOLAIRE EXPANDABLES

Welcome to the Solaire Expandables. We've engineered these trailers to have the perfect mixture between light-weight aluminum construction, including the full welded aluminum frame and laminated full walk on barreled roof, and a high quality design which will make your investment enjoyable for years to come.

SOLAIRE ULTRA LITES

The Ultra Lite trailers approach the light-weight class with special emphasis on towability and visibility. While our trailers come in 7' and 8' wide models, our special 7' wide trailers allow you to have greater visibility while towing, they fit in normal parking spots, and give you a greater margin of error when backing your unit into the campground. Matched with the EquaFlex suspension axle and you have a very smooth towing experience compared to other competitor's products.

312 TSQBK IN GREYSTONE

SOLAIRE ECLIPSE

We've taken extra consideration in designing and developing the Solaire Eclipse. Each interior is elegantly designed with tasteful amenities, which includes upscale Congoleum® wood grain flooring. Turning our attention to the exterior, we redesigned the front cap with perimeter LED lights, and finished the trailer with a smooth fiberglass pearl finish, which will make keeping your beautiful trailer clean easy.

SOLAIRE

POPULAR FEATURES

Solid surface exterior kitchen counter tops standard on available floorplans for added durability in all climate conditions.

Solaires include a standard torsion axle with independent wheel suspension (N/A on Sevens) and includes rubber cushioning to eliminate the metal on metal contact.

Optional Serta Trump® Mattress upgrade – provides a restful sleep with the most advanced 900 coil support system. The superior quality of the Serta Trump® helps provide the luxuries of home in your R.V.

The electric awning with self-contained LED light strip provides quick and easy set-up.

LED interior lighting provides:

- 80% less power
- Emits less heat
- LED's last 30,000 hours vs. 1,000 hours of halogen
- COB (chip on board) is the latest technology in LED lighting
- COB's and bulbs are both 3200k, for consistent appearance throughout

VACUUM-BONDED LAMINATED CONSTRUCTION

Solaire provides a fully 6 sided vacuum-bonded trailer. Our walls, floors, roof, fronts and backs are all built vacuum-bonded to ensure a light weight strong structural trailer.

VAULTED RADIUS ROOF

Vacuum bonded radius roof with vaulted ceiling providing superior insulation and more interior height.

SOLAIRE

- Theatre Seating (N/A on all models)
- Create-a-breeze Fan

- See our website for a complete list of available options

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.
