FIFTH WHEELS & TRAVEL TRAILERS

*Open Range*

A stylized, black silhouette of a horse in mid-gallop, facing right. The horse's mane and tail are flowing, giving it a sense of motion. It is positioned above the 'Open Range' text.

FIFTH WHEELS & TRAVEL TRAILERS

ENJOY THE JOURNEY

# FIFTH WHEEL INTERIOR

*LF319RLS Living Room*

The Light series of fifth wheels and travel trailers are the ultimate in lightweight towing and luxury. Designed specifically for late-model half ton pick ups, these units are the perfect example of what we have always stood for. More room and less weight. No other RV manufacturer packs as much into their lightweight units as we do. Come see why the light series by Highland Ridge RV is the ultimate in lightweight RV'S.

# FIFTH WHEEL CONSTRUCTION

Heating Diagram

# CONSTRUCTION FIFTH WHEEL / TRAVEL TRAILER

## HEATING DIAGRAM (SHOWN ABOVE)

Light fifth wheels & travel trailers have a unique and incredible heating system. We start with a 4 inch heat duct from the furnace down the the underbelly in place of the 2 inch some of the competitors use. All of our tanks are suspended between the I beams in the underbelly allowing us to have forced air heat blowing from the 4 inch heat duct surrounding the tanks with warm air flow.

How do we get the air flow? Simply by having a return at the end of the tanks going back into the coach. The secret is that simple. We put a return in their underbelly to allow air flow over the tanks instead of a pressurizing system that occurs in other brands.

### Seal-Tite Water Shield

Seal-Tite – a semi-robotic system that makes the placement of window sealants more precise and error-free – thus eliminating the hand application of such sealants which can often result in inconsistency.

### Accu-Slide

Accu-Slide is so ingeniously designed, yet so amazingly simple, you're likely to say it works like magic. A revolutionary, lightweight, heavy-duty system, Accu-Slide increases the quality and customer appeal of RV's through superior performance and increased design flexibility.
