

Meridian

WINNEBAGO[®]

Why Meridian?

- Unmatched performance of the exclusive Maxum Chassis[®]
- Infotainment Center with Rand McNally RV GPS
- Polished Corian[®] countertops with tile and mosaic backsplashes
- Premier clearcoat automotive finish full-body paint
- Ultraleather[™] cab seats and lounge furniture
- MCD solar/blackout roller shades
- TrueAir[®] Maximum Comfort air conditioning
- Glide & Dine dining table and chairs
- Electric fireplace
- Expansive exterior storage

On the Cover: 36M Deep Crimson Full-Body Paint

36M Westcott with Coffee-Glazed Honey Cherry Cabinetry

The Triumph of Integrity

Nothing says “No Compromises” like the Meridian® and the Winnebago-exclusive Maxum Chassis® featuring an innovative lowered-rail design that provides up to 229 cubic feet of storage. This sought-after diesel-pusher comes with impressive upscale amenities such as Ultraleather™ furniture, glazed hardwood cabinetry, a counter-depth French door residential refrigerator, and top-of-the-line entertainment

features. The new 40R boasts a full-wall slide, high-polished Corian® countertops, mid-coach half bath, private master bath, and a comfortable lounge with an electric fireplace. Six striking, full-body paint options will catch the eye of any motorhome enthusiast, while the Contour™ windows will appeal to even the most discerning tastes. For uncompromising quality and innovation, choose the Meridian.

Recognized Quality The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service, and support. Winnebago is proud to be the only manufacturer that has received this award every year since its inception.

Best in Class

See how Winnebago takes motorhome design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motorhomes.®

Click on this icon throughout the brochure to link to more information on the web.

The innovative **Glide & Dine** table (36M, 40R) easily extends and glides to the left or right for maximum dining comfort and usability.

The **Rest Easy® Sofa** (36M) easily converts from a sofa to a bed, creating more sleeping spaces.

Day or night, the smooth-retracting **MCD Solar/Blackout Roller Shades** give you total control over light and privacy levels.

Important gauges, switches, and controls are all centrally located in the **OnePlace® Systems Center**.

Plan the next leg of your trip with the available **+Lounger Passenger Seat w/Flip-Up Table**.

The Meridian seamlessly connects luxury with functional, enjoyable living spaces. As you enter the coach, a generous lounge with new, larger Contour™ windows welcomes you with its spacious, open feel. Complete with Ultraleather furniture, a state-of-the-art Blu-ray™ home theater soundbar system, electric fireplace (available 36M, standard 40R, 42E), and MCD solar/blackout roller shades, you can control every aspect of your environment. From the ceiling with LED lights and crown molding to the reliable TrueAir™ Maximum Comfort air conditioning system, the lounge is unquestionably elegant and undeniably comfortable.

Enjoy meals with company at the Glide & Dine dining table (36M, 40R) or the distinguished, extendable dining table with buffet (42E). The tabletop easily expands to allow for additional guest seating.

36M Galley

Whether you're dishing up a lively meal with friends or an intimate dinner for two, this polished galley will serve as the functional heart of your motorhome. Meal prep is easy with popular amenities such as a microwave/convection oven, a residential stainless steel French door refrigerator, stylish Corian® countertops, and extensive storage. And with your choice of attractive glazed cabinet finishes, you can customize your galley to your preferred style.

36M Bedroom

Peaceful sleep awaits with the Ideal Rest® Natural Reserve digital comfort control mattress, which comes standard in the 40R and 42E and is available in the 36M. This luxurious mattress offers individual, customizable support settings while the natural cotton and bamboo fibers and duo-firmness memory-cell insert offer even more adjustable comfort. Each floorplan comes with ample bedroom storage, and now the 36M features an available electric fireplace as well.

The 36M features a mid-coach bath with a Corian countertop and backsplash, flexible showerhead, textured glass shower door, skylight, and porcelain toilet. The 40R and 42E feature a mid-coach guest half bath and a private master bath with the BIG Shower.

Dash

Known for its superb handling and signature smooth ride, the cab delivers the world-class comforts one expects from a luxury diesel-pusher built on the exclusive Maxum Chassis. The unique, Ultraleather cab seats are exceptionally comfortable and stylish, offering continual support and enjoyment on long trips. Experience maximum comforts with the Infotainment Center with Rand McNally RV GPS and enjoy its numerous features; 10.4" touch screen color monitor with split screen function, safe & easy trip routing, sideview cameras, CD/DVD player, SiriusXM™ satellite radio (subscription not included), outside temperature, iPod®/iPhone® audio integration, and so much more.

Powered Mirrors with Defrost

Swivel Cab Seats

From the color-coded service center and KeyOne® lock system to the automatic entrance steps, the Meridian is designed with simplicity and functionality in mind. For those warm summer evenings, relax with the available exterior entertainment center and its HDTV under the standard powered patio awning with a motion sensor and LED lighting. And now with standard exterior sliding storage trays, you can pack plenty of extras and easily access them from either side of the coach.

Fiberglass Roof The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Thermo-Panel® Sidewalls By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

Laser-Cut Tubing Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

Steel Cab Structure Our innovative all-steel cab SuperStructure adds durability, strength, and safety.

**SUPER
STRUCTURE**

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

3-point engine mounting reduces engine vibration.

Exhaust brake uses the engine to slow the coach, promoting longer brake life.

Allison® 3000 MH 6-speed automatic transmission includes a touchpad control for ease of use.

Rear axle incorporates proprietary gear machining for a smoother, quieter ride.

NeWay® rear air suspension provides superior ride and handling.

MAXUM[®] **CHASSIS**

The lowered-rail design moves intrusive rails from storage areas, creating up to 229 cubic feet of storage.

Taller, pass-through storage height accommodates bulky items.

Extra space in critical areas allows for more pass-through storage.

A 55° wheel cut provides a tighter turning radius and better maneuvering.

Color-coded air lines make service easy.

10,000-pound trailer hitch⁶ (36M)

15,000-pound trailer hitch⁶ (40R, 42E)

"Clean Air Diesel" Cummins® engine delivers hill-climbing power when you need it most:

- Cummins ISB XT 6.7L 360-hp (36M)
- Cummins ISL 8.9L 380-hp (40R)
- Cummins ISL 8.9L 450-hp (42E)

Low frame rails create a lower center of gravity improving stability.

Winnebago's SuperStructure integrated with the lowered-rail design creates a chassis that is seven times stronger than typical raised-rail chassis designs.

Dual-fill 100-gal. fuel tank.

4-wheel ABS anti-lock air brakes provide fast stopping power.

Michelin® tires and polished aluminum wheels look sharp.

A True Work of Art

You may not be able to see the Maxum Chassis® as you're driving through the Rockies or cruising the coast, but you'll know it's there. Its powerful Cummins® turbo-charged diesel engine and Allison® transmission go to work so you don't have to sweat the peaks and valleys ahead.

Through a strong partnership with Freightliner, the undisputed leader in diesel motorhome

chassis, we set a new standard for handling, ride and performance in diesel chassis design.

But performance doesn't mean sacrificing storage. The innovative lowered-rail design of the Maxum Chassis opens up a cavernous basement storage compartment, offering up to 229 cubic feet of storage.

TESTING

Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS

At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE

We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

SUPER[®] STRUCTURE

BUILT TO LAST

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts-and-labor warranty on roof skin⁸

FOOTNOTES

- 1 The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- 2 Floorplans feature a wide-body design - over 96." In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- 3 The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- 4 Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- 5 Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- 6 Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- 7 See separate chassis warranty.
- 8 See your dealer for complete warranty information.

Winnebago's continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please visit WinnebagoInd.com and consult your dealer for individual vehicle features and specifications.
