

Adventurer

WINNEBAGO[®]

Adventure at Every Turn

You'll be prepared for almost anything when you combine diesel-pusher style and luxury with the affordability of a Class A gas coach—that's the promise of the Adventurer.[®] Four stunning floorplans allow you to choose the design that suits your lifestyle. As our flagship Class A gas coach, the Adventurer offers deluxe, user-friendly features such as Ultraleather[™] furniture, MCD solar/blackout roller shades, frameless dual-pane Contour[™] windows, and LED lighting that saves energy while you travel. And this year, we're introducing several new upscale amenities to the Adventurer's layout including a glazed finish on all wood choices and an available tankless water heater. Embrace your Class A lifestyle in the luxurious Adventurer.

RECOGNIZED QUALITY

The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago is proud to be the only manufacturer that has received this award every year since its inception.

Floorplans & Specifications

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas.

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- Floorplans feature a wide-body design - over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the state of interest to you.
- The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.

- Capacities shown are tank manufacturer's listed water capacity (W.C.) Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

Not all items available in combination. See dealer for details.

Winnebago's continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
