

TUSCANY

MADE TO FIT
YOUR LIFESTYLE

TUSCANY

 BY THOR MOTOR COACH

A romantic scene of a couple sitting on beach chairs on a sandy beach at sunset. The sun is low on the horizon, creating a warm, golden glow. The couple is silhouetted against the bright sky. The woman on the left is wearing a dark tank top and holding a drink with a straw. The man on the right is wearing a light-colored short-sleeved shirt and shorts, also holding a drink with a straw. The beach chairs have colorful striped fabric. The sky transitions from a pale blue at the top to a deep orange and red near the horizon. The ocean waves are visible in the distance, reflecting the sunset light.

EXPERIENCE
LIFE LIKE NEVER BEFORE

WHEN WE SAY *MADE TO FIT*,
WE MEAN IT.

With so many unique models available, Thor Motor Coach motorhomes are priced to fit anyone's budget – from families buying their first motorhome to full-timers looking for a roaming “dream home”. No matter how you choose to spend your time or your money, there's a TMC motorhome that fits your needs.

By building a variety of unique styles, sizes and floor plans, Thor Motor Coach offers motorhomes that feel custom-made – at a truly competitive price.

Welcome to the Tuscany, the motorhome that is *Made to Fit* your lifestyle.

IMMERSE YOURSELF IN LUXURY

THE UNDENIABLE FLAGSHIP

A rolling masterpiece is what many will call the remarkable angles and compelling appearance of the Tuscany exterior. The full body paint package features a full sand and buff finish for a long-lasting automotive shine.

COPPER FUSION FULL-BODY PAINT

MYSTIQUE FULL-BODY PAINT

RADIANCE FULL-BODY PAINT

URBAN METAL FULL-BODY PAINT

A | FULL-BODY PAINT

A striking exterior graphics design provides a jaw-dropping experience. The paint process includes alternating layers of paint with sanding in between to provide a glass-like exterior finish.

B | WHISPER QUIET AIR CONDITIONING

Specialized air conditioning system designed to provide maximum cooling. The multiple air returns help move air more efficiently, while the integration with the roof air conditioners reduces interior fan noise.

C | POWER PATIO AWNING WITH INTEGRATED LED LIGHTING

A legless, lateral arm awning is fully encased in a metal box protecting it during driving. When extended, the awning does not have legs intruding into the camp area and it has the ability to self-retract in windy situations.

D | HEATED BASEMENT

The Aqua-Hot™ Hydronic Furnace & Water Heating System has individual heat exchangers in the basement to keep it toasty and warm. An automatic thermostat kicks the heat on when the temperature outside dips too low.

E | KEYLESS ENTRY SYSTEM

The front door and storage compartments can be locked with just a push of a button on the remote key fob. The basement doors also have a secondary switch to lock all the doors from the interior of the coach.

F | WIDE ENTRY

An extra-large entry door provides easy entry, especially when carrying large items like groceries.

G | LED ACCENT LIGHTING

A beautifully sculpted front cap is fully illuminated with LED accents, including the Tuscany nameplate and accompanying driving lights.

LAY THE GROUNDWORK FOR SAFE TRAVELS

A home needs a strong foundation and that is especially true for the home that rolls down the road. The custom engineered structure and Freightliner chassis under the Tuscany provide an excellent base to construct your new motorhome.

Driven By You

A | ZF® INDEPENDENT FRONT SUSPENSION & 60° WHEEL CUT

With each wheel addressing the road independently, ZF® Independent Front Suspension (IFS) gives you a superior ride and ease of access when turning. IFS allows an amazing 60-degrees, the most in the motorhome business. IFS eliminates bump steer and brake drive normally found on solid I-beam front axles.

B | MICHELIN® TIRES

The 295/80R 22.5-inch Michelin® radial tires provide exceptional handling and responsiveness through an optimized shoulder design. The tires are approved for all positions on the coach making tire rotation easier.

C | 150-GALLON FUEL TANK

Trips can be extended with more time between fill-ups. The larger tank also provides more run time for the diesel generator when parked.

D | FREIGHTLINER® & MOR/RYPDE® CHASSIS

We have partnered with Freightliner Custom Chassis and Mor/Ryde manufacturing to engineer the best foundation in the business. Freightliner's advanced chassis technology provides a safe and stable platform for maneuvering the coach down the road, while Mor/Ryde's steel structure ensures the perfect integration of chassis to the home.

E | DIESEL EXHAUST FLUID

Almost all truck stops offer diesel exhaust fluid (DEF) in bulk at the pump, but only on the driver's side of the island. The Tuscany is thoughtfully designed to include the DEF tank on the driver's side of the coach.

BACKED BY CUMMINS ONAN® POWER

You don't have to settle for second best. That's why we chose Cummins®, the number-one choice for diesel power.

The Tuscany's Cummins Onan® ISL diesel engine is mated to a 6-Speed Allison MH-3000 automatic transmission, providing 450-horsepower and 1250 lb.-ft. of torque. This combination delivers maximum performance, reliability and durability.

The 10,000-watt Cummins Onan® RV diesel generator provides all the power needed to make your motorhome self-contained. Run all the appliances, air conditioners, TVs and lights without ever plugging into an electrical outlet.

Taking the extra time to ensure the best possible structure is exactly what you deserve, and this is why Thor Motor Coach insists on vacuum-bond laminating not only the sidewalls of the motorhome, but also the floor and roof. Vacuum-bonding is the optimum manufacturing process to ensure multi-layer integrity.

ROOF

- A** One-piece exterior fiberglass roof cap
- B** Luan panels
- C** Aluminum structure with bowed framing
- D** Block foam insulation
- E** Interior panel with soft touch vinyl covering

SIDEWALLS

- A** High-gloss or gel-coat fiberglass
- B** Luan panels
- C** Aluminum structure with framing at all openings
- D** Block foam insulation
- E** Interior panel with designer wall covering

FLOOR

- A** Porcelain tile flooring
- B** 1/4" cement board underlayment
- C** OSB structure wood base
- D** Structural steel framing
- E** Block foam insulation
- F** Luan with woven plastic exterior finish

FLOOR PLANS

The Tuscany is our most sophisticated line of Class A diesel motorhomes. These luxurious motorhomes offer the ultimate in beauty, style and power, with the most livable floor plans and high-end amenities. The refreshing wide open floor plans are complimented by custom furniture, polished porcelain tile inlay, and high-gloss glazed hardwood cabinetry.
