TOURING EDITION

*Vengeance*  
TOURING EDITION

IT'S NOT JUST WHAT YOU WANT. IT'S WHAT YOU NEED.

## VENGEANCE TOURING EDITION

Touring Edition is designed by professionals who use direct customer feedback and engineer it into our products. You can clearly see the **BEST** in **CLASS** counter top space and kitchen storage. We have also added additional power outlets throughout and moved TV locations to better viewing angles.

39R12 & 39R13 | *Relaxing View from your Patio*

39R12 & 39R13 | *Kitchen and Entertainment Slide*

39B12 & 39B13 | Kitchen

39B12 & 39B13 | Garage with Half Bath and Second Refer with Inverter

# THIS IS HOW WE COMBINE LUXURY & CONVENIENCE

The Vengeance Team has spent a lot of time developing floor plans that have larger living areas and better flow so you don't feel like you are cramped into a Toy Hauler of yesterday. Touring Edition is engineered to be the best at hauling your cargo but designed to look and feel like a high end traditional fifth wheel.

*Above > Most of our floor plans give you the ability to open the refrigerator with the slide rooms closed for a quick lunch on the road. We just couldn't make it happen in the 39B12 so we added a second one in the garage with an inverter, **standard**.*

39B12 & 39B13 | *Living Room and Entertainment Center with 42" TV mounted on Swing Arm for Improved Viewing Angle.*

*Touring Master Suite for you to escape and relax on your Denver Mattress and forget about the long week*

*Pop up kitchen outlets*

*Hydraulic Auto Level, Opt*

*Dual LED lighted power awnings*

*Garage sofas and patio*

*Convenience Center*

# THERE'S PLENTY OF ROOM FOR EVERYONE

The 38L12 and 38L13 feature a huge loft that can be divided into Jack & Jill loft beds for the kids and a half bath that is accessible from both the garage and living room. With cross coach TV placement and more countertop than any other brand Vengeance simply **GIVES YOU MORE.**

*Below > Our bathrooms give you more counter top and storage space along with a large walk in shower including a bench seat and detachable shower head.*

38L12 & 38L13 | *Living Room with Jack & Jill Loft Bed*

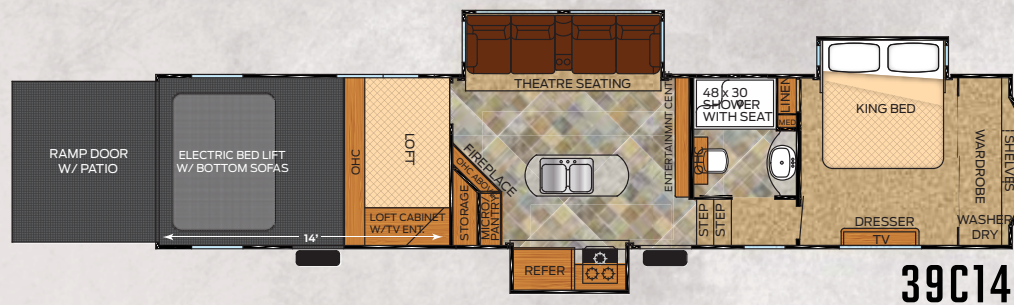

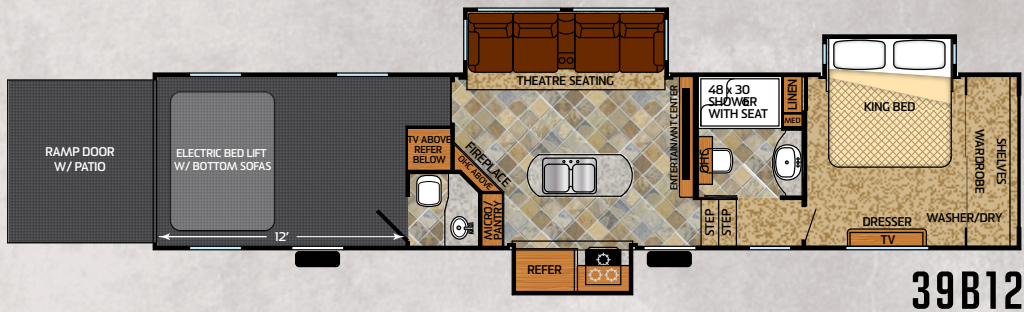

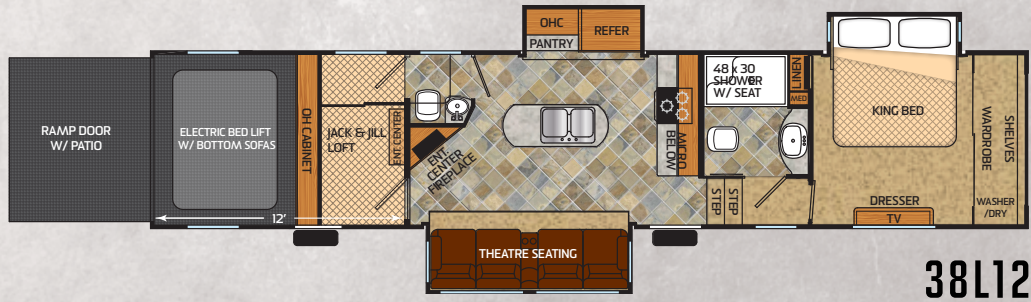

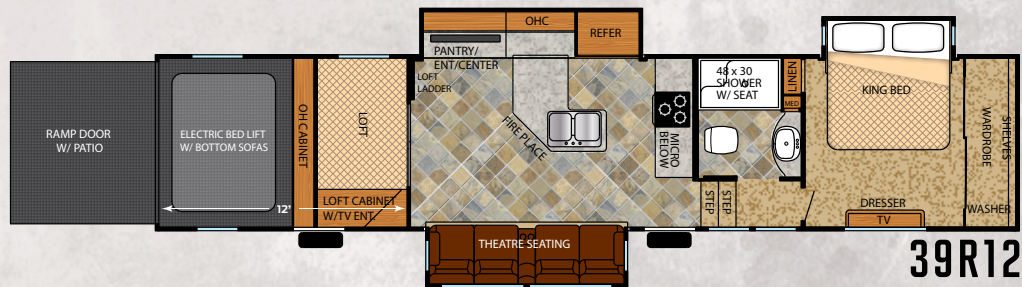

*Master Bathroom*

Waste Master

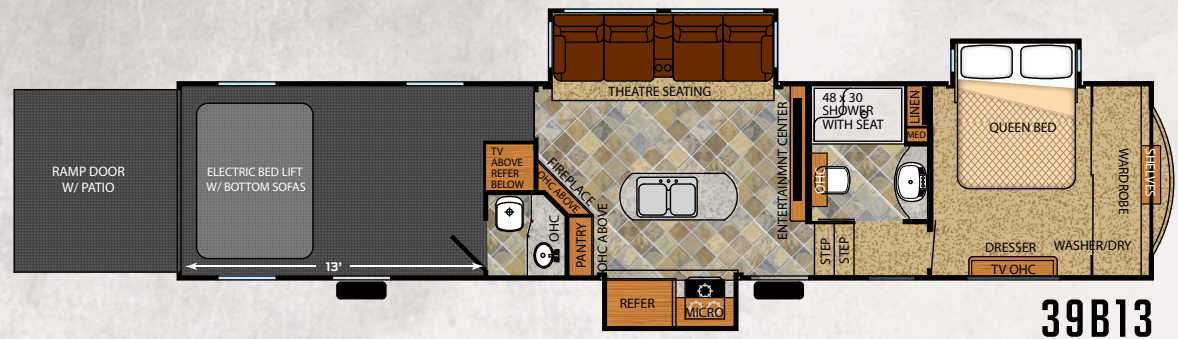

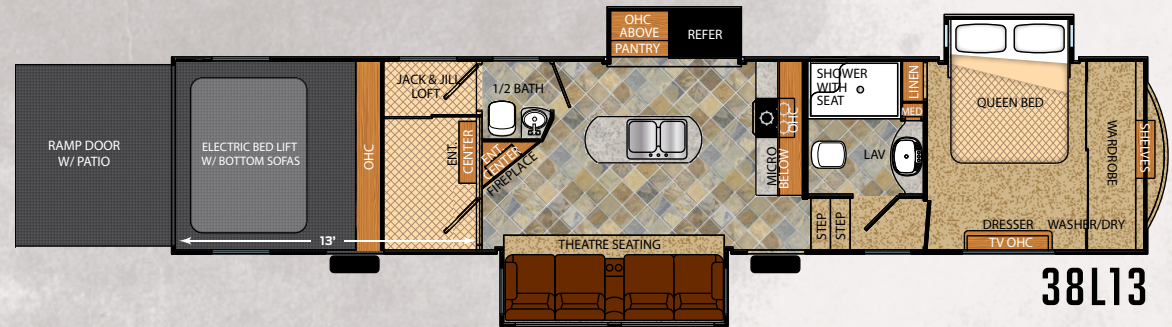

Collapsing Clothes Rod in Garage

# NO COMPROMISE

IT'S NOT JUST WHAT YOU WANT. IT'S WHAT YOU NEED.

Today's toys are getting bigger and bigger needing larger garages. A 12' garage does not accommodate much of today's customer needs or fit any currently produced 4 seat Side x Side vehicles. Other manufacturers give you one or two floor plans with extended garages but it's unfortunately at the expense of your living space. Vengeance Touring Edition fits them all with the largest offering of 13' and over cargo areas in the industry and we DO NOT COMPROMISE your living space as all others do.

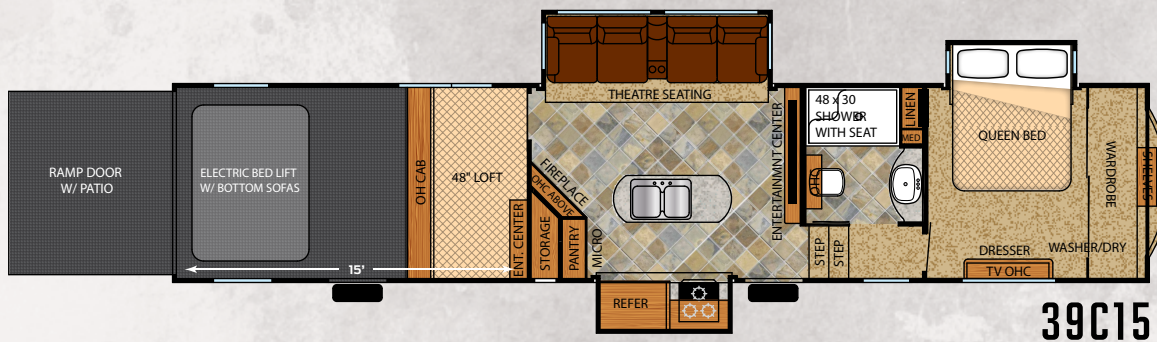

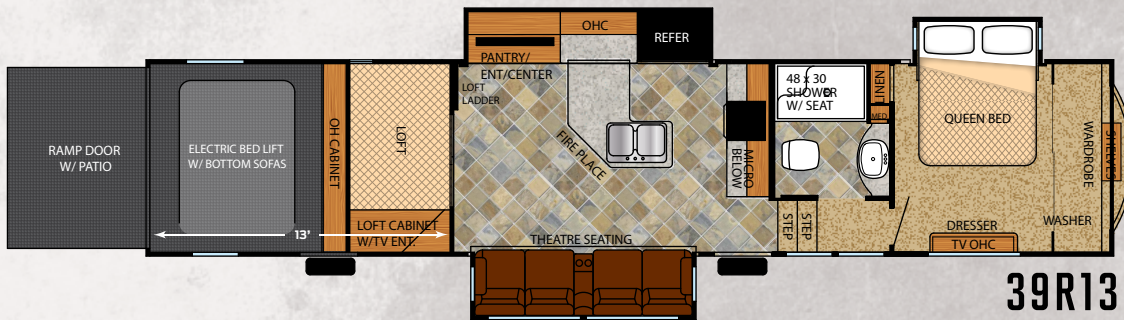

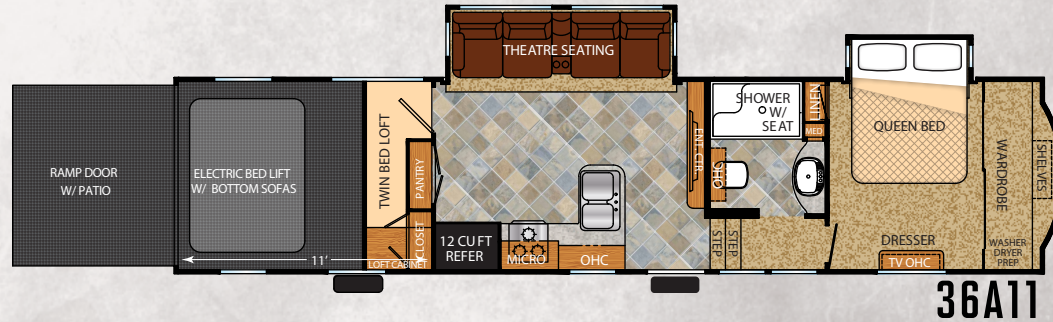

When it comes to hauling your equipment - **IT'S NOT JUST WHAT YOU WANT, IT'S WHAT YOU NEED..... ENOUGH SPACE.** Vengeance Touring Edition does it better than anyone without compromise.

## COMMAND THE WEATHER WITH INSULATION PLUS

Vengeance Touring Edition's Insulation Plus insulation package leads the industry by combining Residential Batten insulation with high tech "Radiant Foil Technology" to give you **BEST IN CLASS COMFORT**. Most of the competition uses Radiant Foil Insulation alone and without another insulating material used in combination the foil itself raises or falls to the outside temperature and the inside temperature becomes hard to regulate. At Vengeance Touring Edition, we use an outer layer of R31 "Radiant Foil Insulation" against an inner layer of R9 Residential Batten Insulation in the ceiling and wrap it around the front cap and goose neck allowing the Radiant Foil to perform as engineered. Think of a mylar survival blanket that radiates body heat to keep you warm, the additional layer of R9 insulation helps regulate temperature the same way. We also use the foil insulation in conjunction with foam in the slide floors and bed deck. The enclosed underbelly is taken to another level. We start with fluted material that encloses the underbelly and add a layer of the foil and batten insulations under the holding tanks. Vengeance then installs all tanks with electric heat pads attached and sets the floor with another layer of batten insulation above the tanks. Vengeance Touring Edition tops off the industry leading insulation package with up to 52,000 BTU's of heat.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

#### PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.
