3X349RLS Living Room

ELEGANT RESIDENTIAL COMFORTS

The wide open living space of the Open Range 3X is unrivaled among the industry. All floor plans have 7'0" slide-out heights and many of those offer opposing 42" deep slides giving 15' of interior width when opened. We use the 3X term to emphasize the 3 inch wall thickness with Thermal Barrier. This not only gives 50% to 100% more insulation than competitors but also prevents the aluminum studs from transferring heat or cold from the exterior to the interior of the coach. The 3X Open Range product line provides all the residential features of a luxury fifth wheel including stainless steel appliances, wood framed windows, stackable washer and dryer capability, arched ceiling, 7'0" slide-out height, and much more. Take a look at this revolutionary fifth wheel that is not only luxury, but also lighter weight, easier to tow, and at a very competitive introductory price!

EXTERIOR CONSTRUCTION

HEATING DIAGRAM

Open Range 3X fifth wheels have a unique and incredible heating system. We start with a 4 inch heat duct from the furnace down the the underbelly in place of the 2 inch some of the competitors use. All of our tanks are suspended between the I beams in the underbelly allowing us to have forced air heat blowing from the 4 inch heat duct surrounding the tanks with warm air flow.

How do we get the air flow? Simply by having a return at the end of the tanks going back into the coach. The secret is that simple. We put a return in their underbelly to allow air flow over the tanks instead of a pressurizing system that occurs in other brands.

Seal-Tite Water Shield

Seal-Tite – a semi-robotic system that makes the placement of window sealants more precise and error-free – thus eliminating the hand application of such sealants which can often result in inconsistency.

Accu-Slide

Accu-Slide is so ingeniously designed, yet so amazingly simple, you're likely to say it works like magic. A revolutionary, lightweight, heavy-duty system, Accu-Slide increases the quality and customer appeal of RV's through superior performance and increased design flexibility.

PURCHASE LOCALLY

Highland Ridge RV strongly encourages our retail customers to purchase from their local dealership whenever possible due to the following reasons:

- 1) Our Dealers are, as a rule, independently owned and operated businesses. Outside of those customers they personally sold products to, they are not obligated to perform warranty service on Highland Ridge RV products that were purchased elsewhere. There may be an occasion that the customer will be required to return to the point of purchase to satisfy warranty requirements.
- 2) Although many dealerships will service products not purchased at their dealership, they will usually take care of their customers and other Highland Ridge RV customers who are traveling away from their local dealer as a priority.
- 3) Local purchases allow a customer to establish a relationship with a dealer close to home. This relationship provides the customer with a convenient location for service and support from a "local" professional.
- 4) The opportunity for a thorough PDI (Pre Delivery Inspection) and product orientation is an additional benefit of buying from a local dealer. The opportunity for refresher courses or the ability to get questions answered more promptly is another additional benefit of buying from a local dealer.
- 5) For our Canadian customers, there are also requirements which must be met to bring an RV purchased out of the country to their home. Although not impossible, these requirements may involve such things as additional inspections, certifications, taxes and fees. The local Canadian Dealer is a professional at meeting these requirements.
- 6) Highland Ridge's goal is for all RV Owners to fully enjoy their RV experience. In light of this goal, and considering the advantages of buying locally, we encourage you to be thorough when determining what product to purchase and which dealer to purchase it from as both are key to your ultimate satisfaction.

At Highland Ridge RV, Inc., we are one of the few manufacturers that have a 2-Year Limited Transferable Warranty. Ensuring our customers that we will stand behind our product for twice the amount of time that other manufacturers offer.

MORE ROOM LESS WEIGHT

This is our mission at Highland Ridge RV, Inc. It's the life blood that runs in our veins. It drives us to innovate and revolutionize the RV industry and it's why our products are 10 - 15% lighter than the competition.
