Bantam
Flier

LOW-PROFILE TOWABILITY -

The Bantam Flier from R-Vision is the latest in a long line of innovative lightweight towables built to allow owners of mini-vans and smaller SUVs to enjoy the fun and excitement of RV living without the hassles of fold-down camping. Choose from three smartly designed floorplans (17', 17'UL and 18' models) that are sure to fit your family's camping needs and budget.

With a unique side-mounted air conditioner and television antenna, the Bantam Flier offers a sleek exterior profile that is designed for easy towing and storage.

The Bantam Flier is perfect for weekend get-a-ways or extended camping trips and vacations, featuring a bathroom, kitchen, gas range, refrigerator, furnace and built-in stereo system.

Whoever thought that you had to sacrifice living space when choosing a lightweight travel trailer has never experienced the all-new Bantam Flier from R-Vision. Not only does the Bantam Flier feature a roomy dinette and sofa, but there's also a nice-sized kitchen and loads of interior and exterior storage space! The optional expandable tent end offers comfortable bed areas, while the sofa and dinette also convert into additional sleeping space.

The Rocky Mountain Edition offers all-terrain tires with mag wheels, higher ground clearance sporty exterior graphics, and increased water capacity.

While the Bantam Flier may be compact in terms of overall size, we have designed a number of conveniently located storage compartments to handle all your travel needs.
