Lite, Classic, Laminate & Supreme

2001 Lites

The 2001 Dutchmen Lite travel trailers and fifth wheels are your best choice for quality and function at an affordable price. Lites are specifically designed to be towed by many of today's most popular vehicles. You may already be driving the vehicle you need for towing. But you won't have to sacrifice

comfort or convenience to get the lite towing advantage. Our lites are built with the same quality materials and workmanship as the other Dutchmen family members. With lengths up to 32' and many new and inviting floor plans, there is sure to be a lite model to fit your family's needs.

The Dutchmen Lite gives you all the advantages of much larger trailers without giving up comfort and convenience. Our lites pack a lot of living into their smaller size. Living areas are carefully planned to take maximum advantage of space and are designed and decorated for comfort.

Residential appliances, larger sinks, and a bedroom with all the features you find at home, we have done a lot to make sure that you'll love your new home away from home. Kick back, relax, and enjoy your new Dutchmen Classic.

At Dutchmen, we pay attention to detail and make sure that we give you the features that are most important to your family. We use our experience to make sure your camping experience is the best.

Holiday Blue, Green or Taupe

Donaquil Blue

Cassandra Green

You'll find you don't have to give up a lot of comfort or convenience for the sake of lightweight towing. Kitchens are designed to take advantage of every bit of available space and give you all the conveniences of home.

Available in a wide selection of both trailer and fifth wheel floor plans, and three distinctive interior colors, there is sure to be a Lite to fit your camping lifestyle.

New for 2001 is "Storage Plus". We designed all our models to give you abundant storage for all your camping gear. Both inside and out, you'll find a place for everything you need to enjoy the great outdoors. Whether large or small, you won't have to worry about leaving it at home.

Vehicle Loading—Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle.

Dry weights based on standard fixtures; optional equipment not included. Net carrying capacity (NCC) determined by subtracting individual vehicle weight (UVW) from gross vehicle weight (GVW) and includes fluids, options and cargo. Liquid capacities and weights are approximations only.

Warning: This information is provided as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing and towing instructions.
