LUXURY FIFTH WHEEL

**LUXURY THAT STARTS WITH
A SOLID FOUNDATION**

OVER 100K | **MONTANA**
FIFTH WHEELS ON
THE ROAD TODAY

When Cole Davis founded Keystone RV in 1996 his vision was clear: Build a quality RV loaded with features priced thousands less than other RVs on the market. To accomplish his goal, Cole built a strong team, focused on keeping overhead low, and empowered employees closest to the customer to make decisions. Within a few short months after opening the doors, Keystone produced its very first camper. Delivering big on quality, features and value, the public fell in love and a star was born.

As customer's appetite skyrocketed, new Keystone models were added to satisfy growing customer demand. Along with this tremendous growth came the need for expanded production. To meet this need, more manufacturing plants were built and staffed. By the beginning of 2000, Keystone was leading the industry in fifth wheel and trailer sales. Today, Keystone RV Company has grown to encompass over 1 million square feet of manufacturing space with facilities in Goshen, Indiana and Pendleton, Oregon. While Keystone is no longer the small "start up" we once were, our mission has remained true to Cole's vision—"Do the job right and make sure we deliver a quality product every time."

MONTANA LUXURY FIFTH WHEEL

**ONE OF THE MOST
AWARDED BRANDS IN
THE INDUSTRY**

Montana was created in 1998 for the sole purpose of providing a high-quality, luxury fifth wheel at an affordable price. By listening to customers, Montana delivered a fifth wheel to lead the industry in quality, style, innovation and value. Experienced RVers responded to the painstaking details crafted into every square inch of every floor plan as Montana quickly revolutionized the fifth wheel market in the late 90's.

In 2001, Montana finished the year as the #1 selling fifth wheel brand in the United States for the first time and has remained the #1 selling luxury fifth wheel for 17 consecutive years.

Today, Montana continues to lead the industry in creating spacious, highly functional, durable and dependable luxury fifth wheels. Every Montana is crafted with the confidence that comes from 19 years of quality fifth wheel building expertise. We continue to raise both structural standards and customer expectations through our cutting-edge technology and handcrafted skills that put our manufacturing in a class by itself.

The future promises new and exciting developments to enhance the ultimate RVing experience that only a Montana can deliver. Montana's patent pending front cap windshield design is just the latest in a long history of innovation.

With over 100,000 Montana fifth wheels on the road today and the most repeat buyers of any towable brand in the industry, the Montana legacy continues to grow larger and larger year after year.

02 IN-FLOOR RESIDENTIAL HEAT-DUCTS

MONTANA

COMPETITOR

RESIDENTIAL IN-FLOOR HEAT-DUCT SYSTEM JUST LIKE IN YOUR HOME

- A. In-floor, hot air vents spaced for greatest comfort, distributes heat evenly and warms the floor
- B. Competitors heat vent locations are determined by cabinets, causing hot and cold spots. Hot air is supplied through restrictive hoses.

03 SUPERCHARGED A/C COOLING

TUF-LOK THERMOPLASTIC COUPLERS FORM A PERMANENT, CRUSH-RESISTANT SEAL IN YOUR AIR-CONDITIONING DUCT

- A. Securely joins ductwork and air-conditioning units, crush-resistant design won't pull apart due to rough roads, heat and stress
- B. Drastically reduces chilled-air leaks to boost cooling efficiency and comfort
- C. Circular racetrack style ducting improves performance over competitors that use "Figure 8" style that causes additional resistance and turbulence.

01 WIRED FOR PERFORMANCE

THE ONLY TOWABLE MANUFACTURER TO INCORPORATE COLOR-CODED AND NUMBERED ELECTRICAL WIRING ON ALL PRODUCTS

- Creates a clean, well organized wiring layout
- Makes it easy to trace electrical circuits and saves troubleshooting time
