LAUNCH MINI

GREAT CAMPING
WITHIN REACH.

There's no better way to take your camping experiences to the next level than in a Launch Mini by Starcraft. These super-lightweight models are super durable, thanks to the exclusive TuffShell™ vacuum bonded lamination. Discover the Launch Mini that's right for you.

A

The 17QB floorplan features a queen bed with convenient overhead cabinets and windows with pleated shades on both sides.

B

A highlight of the 16RB is a large dinette and roomy sofa, both enhanced by large picture windows. Throughout the interior, you'll enjoy beautiful warm sugar maple cabinetry.

C

The kitchen features contemporary styling and the convenience of a two-burner range with a lighted hood and fan, a refrigerator and microwave.

TWO-YEAR WARRANTY

At Starcraft we are proud to back our RVs with a two-year manufacturer's limited warranty. For a copy of the two-year limited warranty with full terms and conditions, ask your local Starcraft RV dealer.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories. **Gross Vehicle Weight Rating (GVWR):** GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC. **Cargo Carrying Capacity (CCC):** CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC. **Hitch Weight (HW):** The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight. It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Starcraft affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart on the respective pages of this brochure.
