

GREY WOLF

RUN WITH THE PACK.

TRAVEL TRAILERS / FIFTH WHEELS

ESCAPE THE ORDINARY.

The Grey Wolf by Cherokee is engineered with impeccable quality, distinctive features, superior comfort and remarkable affordability. Grey Wolf offers our customers a chance to escape the ordinary and relax, to enjoy family and friends and to see nature in all its beauty and wonder. These special life moments are the reasons we take such pride in all we do.

19SM

SLEEPS UP TO 8!

INTERIOR / **GLACIER**

The 19SM has so much to offer in a small package with sleeping for up to eight! The 19SM features two queen beds including a bunk above the front bed. The rear queen bed slide provides sleeping space without adding tow length. The modern chef's kitchen offers the right combination of functionality and storage with a spacious pantry. The rear dinette, and sofa are great seating areas, and double for additional sleeping. The exterior entertainment area has everything you need to enjoy a nice day.

23MK

TOURING FOR TWO

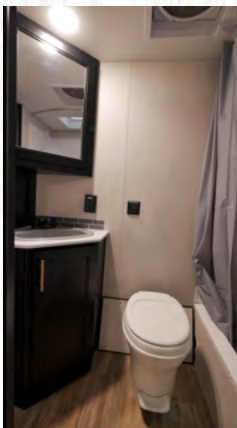

INTERIOR / GLACIER

The 23MK is a touring unit perfect for your family. Enjoy the huge U-shape dinette situated in the slideout for dining, and additional sleeping for 2 adults. A rear sofa is positioned for comfort and TV viewing. The modern chef's kitchen has the right combination of functionality and storage with a full-size pantry. A huge bathroom leads into a private master suite with queen bed. Outside, enjoy the Grey Wolf camp kitchen, exterior TV bracket with speakers, and power awning.

24JS

COUPLES TRAILER

INTERIOR / GLACIER

The 24JS is a perfect fit for couples and small families. Featuring a queen bed with large under bed storage, overhead cabinetry and spacious wardrobes. The living area provides a large sofa and booth dinette with panoramic window. The modern chef's kitchen provides functionality to prepare the best of meals and full width master bath provides ample bathroom space. Outside, enjoy the Grey Wolf camp kitchen, exterior speakers, TV bracket, and LED Power Awning.

26DBH

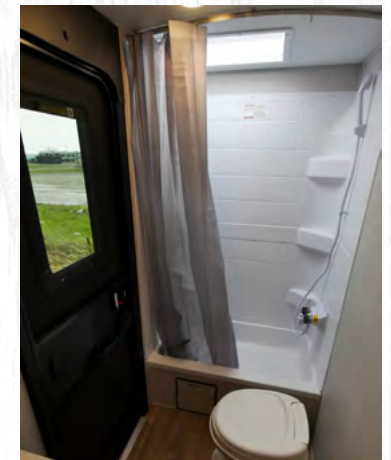

ULTIMATE FAMILY CAMPER

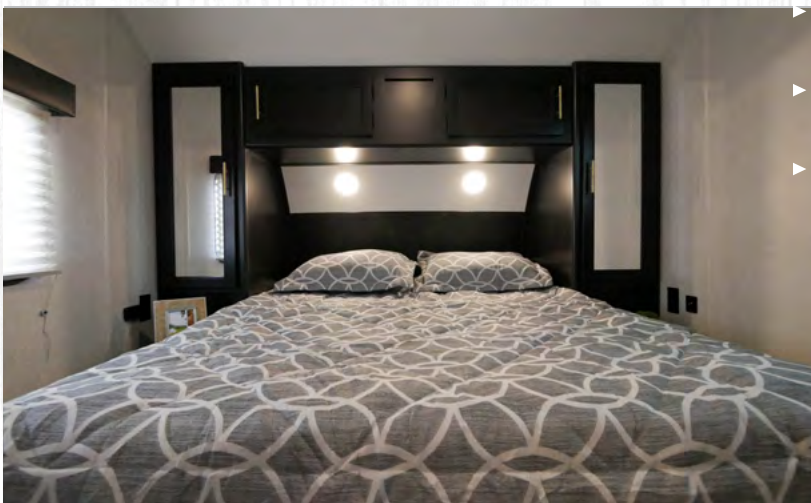

INTERIOR / GLACIER

The 26DBH is the ultimate family camper, with a double entry and access to the bath from outside. The double bed bunk, with ladder, provides extra sleeping room for kids and adults. The modern custom kitchen, oversized full pantry and extra-large U-shaped dinette with full length drawers give you more than enough storage for camping gear and supplies. The exterior will provide a great entertaining space with the exclusive Grey Wolf camp kitchen, exterior speakers and TV bracket as well.

Specification Definitions

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water

(8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

** Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
