

WORK + PLAY

30 GS

Floor plan diagram of the 30 GS motorhome layout. The plan shows a front entrance leading into a living area with theater seats, a TV swivel, a storage unit, and a microwave. A kitchen area includes a 12V refrigerator, a sink with a flip-up cover, and a toilet. A rear entrance leads into a bedroom with a 60" x 80" queen bed, a dresser, and a closet. A bathroom is located between the living and bedroom areas. A large garage area at the rear contains two roll-over sofas, a dinette table with a queen bed, and an electric lift. A ramp door is located at the very rear. Dimensions are provided for various sections: 13' for the garage, 78-3/4" for the living area, and 30' for the overall length. A 20' awning is shown extending from the side. The diagram is labeled "30 GS" in the bottom left corner.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit. All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. ©2025 Work + Play RV, a Division of Forest River, Inc., a Berkshire Hathaway company.
