On a Mission

At Open Range RV, we are on a mission to...

Fulfill the trailer needs of our dealer base and retail customers, and in doing so, exceed their expectations for service, quality and value.

Earn our dealers', retail customers' and employees' long-term loyalty by delivering more than we promise, in a fair and honest business manner.

Motivate our employees to provide exceptional service and quality to our retail customers and dealers.

Compensate our employees fairly and provide opportunity for personal growth within our company.

Although it is our goal to provide a product that exceeds our customer needs and level of quality, we do not strive to be the biggest or the most profitable. In the end, we believe satisfied customers, dealers and employees will bring growth and long term profitability for all.

For almost 30 years, I have had the great fortune to work in the amazing industry of RV manufacturing. This industry runs through my blood and is the passion of my life. This has been a dream come true for me and my family. I would like to thank everyone who believed in us as an RV Manufacturer. At Open Range our motto is ENJOY THE JOURNEY!

It has been an amazing JOURNEY so far! Come join us on this great JOURNEY, we don't want you to miss another moment of it.

Enjoy the Journey!

PURCHASE LOCALLY

Open Range RV strongly encourages our retail customers to purchase from their local dealership whenever possible due to the following reasons:

1) Our Dealers are as a rule, independently owned and operated businesses. Outside of those customers they personally sold products to, they are not obligated to perform warranty service on Open Range RV products that were purchased elsewhere. There may be an occasion that the customer will be required to return to the point of purchase to satisfy warranty requirements.

2) Although many dealerships will eventually service products not purchased at their dealership, they will usually take care of their customers and other Open Range RV customers who are traveling away from their local dealer as a priority.

3) Local purchases allow a customer to establish a relationship with a dealer close to home. This relationship provides the customer with a convenient location for service and support from a "local" professional.

4) The opportunity for a thorough PDI (Pre Delivery Inspection) and product orientation is an additional benefit of buying from a local dealer. The opportunity for refresher courses or the ability to get questions answered more promptly is another additional benefit of buying from a local dealer.

5) For our Canadian customers, there are also requirements which must be met to bring an RV purchased out of the country to their home. Although not impossible, these requirements may involve such things as additional inspections, certifications, taxes and fees. The local Canadian Dealer is a professional at meeting these requirements.

6) Open Range's goal is for all RV Owners to fully enjoy their RV experience. In light of this goal, and considering the advantages of buying locally, we encourage you to be thorough when determining what product to purchase and which dealer to purchase it from as both are key to your ultimate satisfaction.
