ENJOY THE JOURNEY.

EXPERIENCE THE DIFFERENCE

Superb interior refinement and irresistible charm have been combined with efficient use of interior space and a host of safety features to ensure that you will be ready to seek out your new journey, no matter where the destination. The Serenity sets a new standard of construction and styling that surpasses all motorhomes on the market today. The fit, finish and quality that customers are accustomed to and recognize LTV as, have been the starting point for the Serenity.

Relax and enjoy a good book on the comfortable optional rear power sofa, upholstered in stylish, supple Ultraleather - a great use of space!

At night, convert the sofa into a queen size bed at the touch of a button, and drift off to a restful sleep that will leave you feeling refreshed and ready to face another exciting day on the road!

With the addition of driver and passenger chairs that swivel around to face the table, seating 5 for dinner will be a breeze! Should you require additional sleeping space, the dinette also converts to a bed for overnight guests.

Great style meets outstanding functionality in the Serenity. Our designers have carefully considered your needs and made the best use of every available space. From front to back, you won't believe all the extras packed into the Serenity.

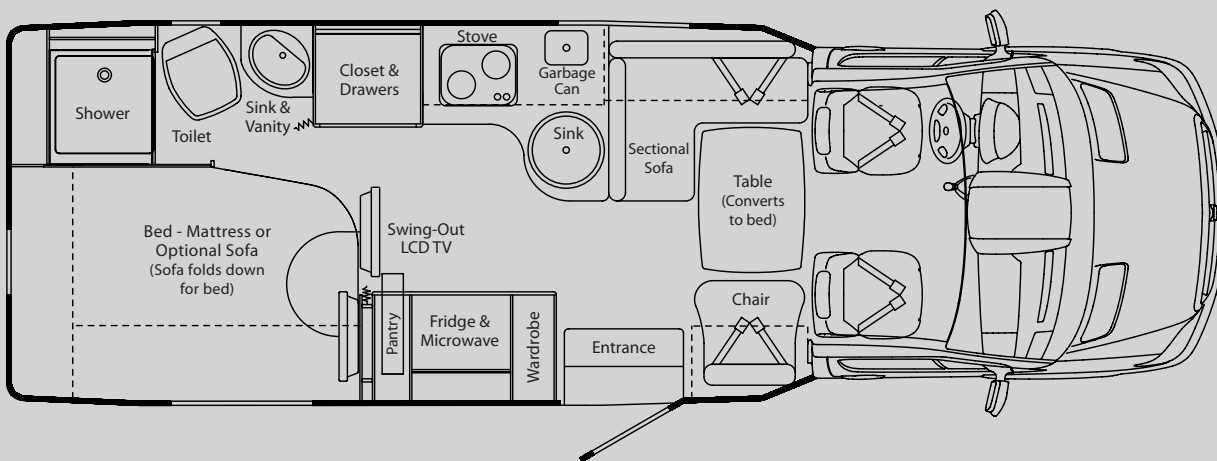

A hanging wardrobe and 3 generous drawers with full extension glides provide room for all your clothes and personal effects.

For your convenience, we've added even more storage - a coat closet at the front door, and a pull-out pantry with incredible capacity right next to the fridge!

FLOORPLAN

The galley features solid surface Corian countertops and Euro style flush mount cook top and sink, both with hinged glass covers and showcased in beautiful curved cabinetry that's designed to provide maximum storage capacity.
