Access Premier 26QP Sand Full-Body Paint

31W Grayson with Forest Cherry Cabinetry

More Variety. More Value.

You may find a motor home for a few dollars less, but with a generous list of standard amenities and the uncompromised construction quality of Winnebago Industries®, you won't find a better value than the 2013 Winnebago Access®. Five distinct floorplans offer a variety of sleeping, dining and living configurations to fit your needs and budget. For an even more refined experience, select the Access Premier package and enjoy upscale features such as stainless steel wheel liners, available full-body paint and a host of interior enhancements. Some say you get what you pay for in a motor home; but with the Winnebago Access and Access Premier, you get a whole lot more.

Why Access | Access Premier?

- Five floorplans
- Large rear trunk with recessed storage compartment (NA 24V, 31J/31JP)
- MCD® roller shades
- Rear bunk bed (31J/31JP)
- Standard 4,000-watt Cummins Onan® MicroQuiet™ gas generator
- Easy-access, low entrance eliminates the need for electric steps
- Available Ultraleather™
- Powered patio awning

Recognized Quality The RV Dealers Association bestows its annual Quality Circle Award based on dealer ratings to the manufacturers that provide exceptional products, service and support. Only one manufacturer has received this honor for sixteen consecutive years: Winnebago Industries®.

Best in Class

See how Winnebago Industries takes motor home design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motor Homes.®

Click on this icon throughout the brochure to link to more information on the web.

Night and Day The available, smoothly retracting *MCD American Duo®* Solar/Blackout Roller Shades let you control your light and privacy—no matter the time of day.

RV Radio® The available touch screen *RV Radio* features a CD player, MP3 input and doubles as the rearview monitor.

Instant Picnic Keep beverages on ice in the spacious *Rear Storage Compartment* with drain plug. It also works great to store loose gear and includes a center compartment cover that unfolds to create a six-foot table (NA 24V and 31J/31JP).

Easy In and Out The *Lowered Entrance Step* is designed for easy access and eliminates the need for an auxiliary entrance step.

Rest and Relax The available *Comfort Sofa Sleeper* quickly converts from a sofa into a comfortable bed that features a self-inflating mattress and pump that automatically reads mattress pressure to maintain your perfect setting (26Q/26QP, 31W/31WP).

Access Premier

Take your Access to the next level with the Access Premier Package. This popular upgrade package delivers more style, more comfort and more excitement to your Access.

Filtered cold water (galley)		■	
Interior Upgrade Package:	■	■	
Dream Dinette™ table			
Range cover			
Cab floor mats			
Bedroom window side valance treatment			
Sink covers			
Sofa throw pillows (2)			
MCD American Duo® solar/blackout roller shades			

Innerspring cushions flip up to access large storage bins in the BenchMark full comfort dinette—standard with the Access Premier. The entire dinette easily converts into a comfortable sleeping space using the easily adjustable Dream Dinette table.

31W Grayson with Forest Cherry Cabinetry

What's your idea of relaxation? The Access brings your ideas to life with five floorplans and a variety of furniture options to fit your plans for fun. Multi-purpose pieces such as the Comfort Sofa Sleeper expand your seating and sleeping capacity. And, if you select the Access Premier, you'll be surrounded by upscale amenities such as MCD American Duo solar/blackout roller shades and the BenchMark full-comfort dinette.

Available Front Overhead Entertainment Center

LCD TV on swivel bracket (26Q features a hinged bracket)

Serving up a delicious meal is a cinch in the complete galley. Upgrade the standard appliances to include an oven and a microwave/convection oven. The Access Premier package includes galley upgrades to the countertops, refrigerator and more that will bring a smile to your family cook's face.

31W Galley with Forest Cherry Cabinetry

26QP Galley with Coffee-Glazed Vienna Maple Cabinetry

Refrigerator | Freezer

26QP Pullout Pantry

Full-Extension Drawer Slides

26QP Bedroom

A queen bed comes standard in all Access models, with many offering a rear slideout for extra walk-around space. Families with kids will love the bunk beds in the 31J/31JP, which can even be equipped with individual DVD players and LCD monitors.

31W Wardrobe

31W Bathroom

Dash with Available Appliqué

While you drive, enjoy your favorite tunes on the RV Radio with CD player and weather band. Available upgrades include a touch screen interface with rearview monitor and Sirius® Satellite radio.

RV Radio | Rearview Monitor

Power Mirrors

Smart Storage™ design maximizes every square inch of storage space and the Winnebago Access 26Q, 31R and 31W have incredibly spacious and easy-to-access rear compartments. They even feature a recessed compartment with a drain plug where you can store damp gear or keep drinks on ice and a center compartment cover that folds out into a six-foot table. The standard electric patio awning creates some welcome shade for those lazy afternoons.

A 4,000-watt Cummins Onan® MicroQuiet™ generator and two deep-cycle batteries keep the power flowing when you are away from the campsite. The batteries slide out for easy maintenance and access.

Rear Storage Compartment Cover as Table

Two House Batteries on Pullout Tray

Recessed Storage Compartment

Fiberglass Roof The one-piece fiberglass roof is backed by a 10-year parts-and-labor roof skin warranty.

Rubber Can't Cut It Rubber roofs used by competitors can streak and degrade over time.

Thermo-Panel® Sidewalls By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

Laser-Cut Tubing

Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

**SUPER
STRUCTURE**
BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel pusher model—is built to Winnebago Industries® legendary SuperStructure construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING

Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, computer simulations, our physical testing center and rigorous test track ensure each model is built to last.

**DETAILS**

At Winnebago Industries, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

**BUILT IN-HOUSE**

We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**
BUILT TO LAST

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
 - In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
 - The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
 - Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
 - Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
 - Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
 - See separate chassis warranty.
 - See your dealer for complete warranty information.
- NA Not Available
- Not all items available in combination. See dealer for details.
- Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.
