

MEET THE VIEW

The new Winnebago® View® 24T is at the leading edge of RV innovation, offering unmatched freedom and functionality. Its innovative design, featuring a luxurious interior and state-of-the-art tech, redefines what it means to travel in style.

Your Personal RV Companion

The View comes standard with Winnebago Connect™, our all-new intelligent RV platform that seamlessly integrates with your Winnebago app. It provides travel prep resources, automated controls with smart energy management and more.

Lithium Power Package

The all-new lithium power package comes standard with a 320-amp-hour lithium battery and dedicated second alternator to charge the batteries faster while driving. The lithium battery and 240W solar panels work together to help ensure you'll have clean and quiet power when shore power isn't available. The available Generator Replacement Package increases power with a 950-amp-hour lithium battery and 480W solar panels.

Redesigned Luxury Interior

Discover a modern, open, versatile space with innovative amenities like the power-reclining theater seating/Murphy+ bed combo and the redesigned passenger-side dining area.

Storage Galore

Bring just about anything you want with the all new gear garage that easily fits 2 bikes, along with a residential size wardrobe. Plus there's over cab and over bed storage, galley drawers and sliding pantry shelves.

Available AWD Sprinter Chassis

Winnebago offers an optional Mercedes-Benz® all-wheel-drive Sprinter chassis featuring a 2.0L high-output turbo diesel 4-cylinder engine and 9-speed automatic overdrive transmission. Those who opt for AWD will enjoy higher ground clearance to better handle adverse weather conditions and more rugged terrain.

Available Low-Profile Cap

The optional low-profile front cap gives you even more storage space, as well as a sleeker look. Designed so that the storage is accessible when the slide is in, this convenient addition also features interior LED lighting.

Weights & Measurements

24T

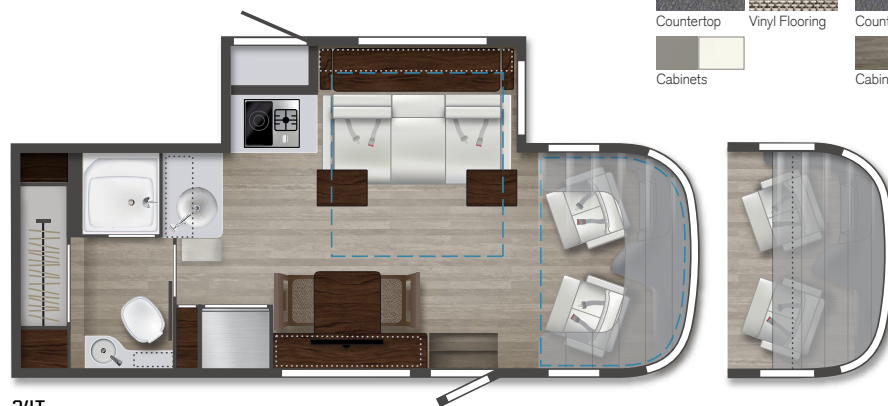

Exterior Length	25'8"
