

Take in the most  
luxurious View ever

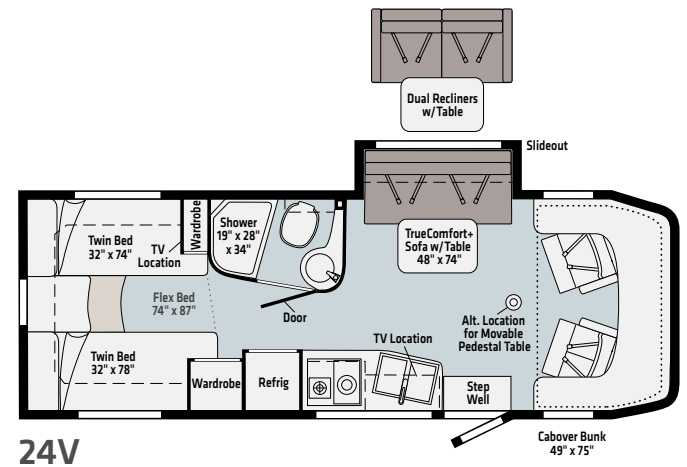

Completely redesigned for 2020, the Winnebago View® sets the new standard for luxurious living in a compact motorhome. All three updated floorplans feature our new one-piece SuperShell™ Sleeper Deck with premium thermal and acoustic insulation, while high-gloss Italian cabinets highlight the sleek, modern interior. To enhance your experience in camp, the black-and

gray-water tanks have been increased to 41 gallons, and the standard solar panel and 2kW inverter extend your off-grid capability even further. Add in the safety features of the new Mercedes-Benz® Sprinter chassis, Best in Class storage, three new full-body paint colors, plus a host of other enhancements, and it's plain to see the View has never been better.

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
