AVENGER

Your Journey Begins Here!

• Avenger 33RSD Living Area

To guarantee that Avenger provides true customer satisfaction, our engineers carefully examined every component, every small detail, and every process that went into Avenger's creation. It was important to offer industry-leading beauty, so real Native American Cherry hardwood cabinet doors were paired with premium fabrics, flooring, and countertops for a luxurious appearance. Features and design elements that are considered to be "Best In Class" and rarely found on the competition were specified to fully maximize customer enjoyment. Demanding testing standards and innovative construction technique like EVERLAST® were developed to ensure long-term quality and durability. If "Your Journey Begins Here", Avenger is sure to please.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!
